

MIDI/WorldMusic is an electronic information service for the professional computer music community, serving ALL computer music systems (MIDI or non-MIDI) with bulletin board services, libraries (songs, patches, samples,...etc.), and Real Time Conferences. Designed to fulfil the needs of the music, video, film, broadcast, MI and educational industries. We are now available internationally to include all of the US, Canada, Japan, Germany, Austria, Switzerland and other countries. As you are probably aware, in the past the cost of on-line information has been incredibly expensive and not so reliable - but not anymore. To access the MIDI Bulletin Board, international GEmail and over 100 other GENie products and on-line services Non-prime time rate is an incredibly low FOUR DOLLARS AND NINETY FIVE CENTS PER MONTH (\$4.95/Month) and the rate is only SIX DOLLARS (\$6) per HOUR to access the MIDI and other libraries (like the IBM PC and MACINTOSH libraries,...). Both at 300, 1200 or 2400 baud. A FRACTION OF THE COST of competing services! There are NO HIDDEN CHARGES.

We have THE largest MIDI Song/Sound/Sample/Program library and Message Base of ANY subscriber service. Included are Public Domain and ShareWare programs, a very large library of ADAP/SOUNDDESIGNER (ST, MAC & IBM) samples for music and FILM/TV sound effects, product reviews, MIDI explained and other files/programs to include 32 track sequencers, MT32 editor/libs and assorted generic patch librarians, sequencers, editors, music calculators DEMO programs, Desk Accessories and etc..., for APPLE Macintosh/Ile/GS, IBM, ATARI ST/XE, AMIGA, C64 and other PC's.
