About the file format

This file is formatted as setext for reading and browsing with EasyView.
This format is fully readable (ASCII) with all text editors and wordprocessor,
but setext format allows structured reading with dedicated software like EasyView (Mac)

Setext clients for the Macintosh/ Windows and (some flavours of)
Unix may be found at: http://www.eff.org/pub/Net_info/Tools/Setext/

(also via ftp to ftp.eff.org, anf gopher to gopher.eff.org 70);

For more information about setext, send email with the single word
"setext" (no quotes) in the Subject: line to <fileserver@tidbits.com>.
A file will be returned shortly.
