

Welcome to LOVE PYRAMID

INSTALLATION :

LOVE PYRAMID requires Video for Windows, witch is included on the CD-ROM.

To install LOVE PYRAMID, run the Setup.exe program in the root directory on the CD-ROM. The installation is completely noninvasive and consists only of creating a program group and icons in the Program Manager witch point to the CD-ROM driver applications.

SYSTEM REQUIREMENTS :

MPC level 2 :

- 486Sx 25 MHz or faster (DX2 66 recommended)
- 4MB RAM required (8MB recomended)
- 640x480 resolution with 65,536 colors (16 bits)
- Double speed CD-ROM (300KB/second transfer rate)
- Sound card 16 Bit compatible Sound Blaster.
- Microsoft Windows 3.1 , Windows for Workgroups 3.11 or Windows 95
- Mouse or equivalent pointing device.

WARNING:

If you can't display the videos, check that:

- You have installed the version of Video for Window which is included in this CD ROM.
- You have base memory enough (520 KB recommended).

In some versions of Windows (Spanish version for example), a general protection error can happen, at the beginning of the game.

The solution is: in file WIN.INI, the SLONGDATE line doesn't have to stop with an apostrophe: '

For example: slongdate = dddd d' 'mmmm' 'yyyy
