

If you have a problem

This is not an early version of Guy Friday, but I am expecting bugs nonetheless. Please report them to me, along with any comments, gripes, or lavish praise. To reach me, please send e-mail to:

Tell me what version you have (this is 1.2) and where you got it. I'll try to fix bugs as soon as possible and rush updates to distribution points. If you want to be kept apprised of new Guy Friday or Genex developments, please send me e-mail containing your preferred e-mail address.

Thanks!
