## SOFTWARE LICENSE AGREEMENT

WaveTrak was developed by Ortex Systems Inc., Ottawa, Canada.

WaveTrak DB, which includes all the functionality of the WaveTrak application except the real-time A/D, D/A and digital I/O capability using the MacADIOS II data acquisition card (see below), is distributed as a "shareware" application. If, after evaluating the software, you decide to keep and use WaveTrak, you are required to register your copy by sending the shareware fee (US \$59 for software and manual in machine readable form, US \$79 to receive a printed manual in addition) to:

Dr. Peter K. Stys  
228 Grandview Rd.  
Nepean, Ontario  
Canada K2H 8A9

**Please make cheques payable to the author.  
We would ask that if you make use of the  
software, please send in the registration fee.**

**This will allow us to continue to improve the software and incorporate changes that you the users request. Let us know what you think of WaveTrak, what your application is, and what features you need in future upgrades!**

**Note:**

The WaveTrak AD version, which is a superset of the DB version and includes real-time A/D, D/A and digital I/O drivers for the MacADIOS II data acquisition board (GW Instruments, Somerville, MA), is available separately. Please contact the author for details (by mail at the above address or on the Internet at [stys@civich.ottawa.on.ca](mailto:stys@civich.ottawa.on.ca)).

When you register your copy by paying the shareware fee, you are granted a non-exclusive license to use this copy of WaveTrak provided you agree to the following terms:

**You may:**

- use the program on any computer or network.
- allow another individual to use the program on any computer or network, provided there is no more than one user per licensed copy at any one time.

- make copies of all the files supplied on the WaveTrak disk(s) in machine readable form solely for backup or archival purposes, provided that you reproduce all proprietary and copyright notices on each copy.
- freely copy and distribute, for non-commercial purposes, *only* the WaveTrak stack containing your acquired data and the 'WTRK Summary' stack containing a synopsis of your comments from the master. All copyright notices must remain intact.

### **You may NOT:**

- translate, reverse engineer, decompile, disassemble or copy (except for the archival copy) the program or the accompanying documentation.
- copy or distribute, except for backup purposes, any WaveTrak files other than the 'WaveTrak' and 'WTRK Summary' stacks. This includes the 'WTRK A/D Lib' and 'WTRK DSP Lib'

stacks, and any other library files that may be added in the future.

- modify, or create derivative works based on the program, for commercial purposes, without prior written approval from Ortex Systems Inc.
- rent, transfer or grant any rights in the program or accompanying documentation in any form to any other person without prior written consent of Ortex Systems Inc.
- remove any proprietary notices, labels or marks from the program and accompanying documentation.

Failure to comply with any of the above restrictions will terminate this license. This license is not a sale. Title and copyrights to the program and accompanying documentation and any copy remain with the author and Ortex Systems Inc.

## LIMITATION OF LIABILITY

The WaveTrak software and accompanying documentation are provided "as is", and Ortex Systems Inc. and the author disclaim all warranties. The user bears all risk as to the quality and performance of the software.

IN NO EVENT WILL ORTEX SYSTEMS INC. OR THE AUTHOR BE LIABLE FOR ANY DAMAGES, LOSS OF PROFIT, LOSS OF DATA, LOSS OF USE, INCLUDING BUT NOT LIMITED TO SPECIAL, INCIDENTAL, CONSEQUENTIAL OR INDIRECT DAMAGES, ARISING FROM THE USE OF THE PROGRAM, HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, EVEN IF ORTEX SYSTEMS INC. OR THE AUTHOR HAS/HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. YOU ACKNOWLEDGE THAT THE LICENSE FEE REFLECTS THIS LIMITATION OF LIABILITY. SOME STATES DO NOT ALLOW THE LIMITATION OR EXCLUSION

OF LIABILITY FOR INCIDENTAL OR  
CONSEQUENTIAL DAMAGES, SO THE  
ABOVE LIMITATION MAY NOT APPLY TO  
YOU.

## GENERAL

This Agreement is the entire agreement. If any provision of this Agreement is held invalid, the remainder of this Agreement shall continue in full force and effect.

Apple Computer, Inc. makes no warranties, either expressed or implied, regarding the enclosed computer software package, its merchantability or its fitness for any particular purpose.
