

HAM RADIO 2000 VOL. 2

Ham Radio Programs & Utilities

Selecting A Category

Click on any category button to display the titles in that category.

ALL - Includes all titles in all categories.

Searching

Search by Title - To search for a title, click the **TITLE** radio button, type the text you wish to search for in the **SEARCH TEXT** box, then press **ENTER** or click the **SEARCH** button. Entering a partial title will also work. The search results contains all titles containing the keywords you have entered.

Search by Description - To search for a description, click on the **DESCRIPTION** radio button, then type the text you wish to search for in the **SEARCH TEXT** box then press **ENTER** or click the **SEARCH** button. The search results will contain all titles containing the keywords you have entered in the description.

Searching Files - Click the **SEARCH FILES FOR TEXT** to load the **SEARCH FILES FOR TEXT** form. You can search through any type of file including *.TXT, *.WRI, or *.DOC. The current title's path will be initially selected. If you wish to change the file specification to search, type the new file specification then enter the text you wish to search for and press **ENTER** or click the **SEARCH** button. Check the **SEARCH SUBDIRECTORY** button to search subdirectories.

The Search Results window will display any files that contain your search text. Double-click any highlighted file or click on **EDIT** to load the file into the editor specified in the **SETTINGS** menu.

Viewing/Editing Files

Double-click any file listbox to retrieve the highlighted file into the editor specified in the **SETTINGS** menu.

Settings

EDITOR

The complete path to the editor you wish to use for documentation files (*.txt, *.doc, *.wri, read*.*). The default is WRITE.EXE.

DATABASE

The complete path to the HAM RADIO 2000 VOL. 2 database. The default is [c:]\HAMV2\HAMV2.MDB where [c:] is the path to your hard drive. Normally, you should not change this entry.

Title List Box

Lists the titles in the currently selected category or the results of a search. You can use the HOME, END, and arrow keys or the mouse to scroll through the list.

Description Text Box

Lists a short description of each title. Text can be copied and pasted to other programs. Most descriptions are based on the author's FILE_ID.DIZ file contained in the original archive. For more information about the currently selected program, you can view the accompanying documentation by clicking on any file listed in the **DOCS** file list box.

DOCS List Box

Lists documentation files in the highlighted titles' directory including *.DOC, *.TXT, README*.*, and *.WRI. Double-clicking on any file loads the file into the editor specified in the *Settings* menu.

Programs List Box

Lists any EXE, COM, or BAT files in the highlighted titles' directory. Double-clicking executes the file.

INSTALLATION

To install the HAM RADIO 2000 VOL. 2 CDROM, log onto your CDROM drive and type "SETUP." You will be prompted for the destination for the HAM RADIO 2000 VOL. 2 program. The setup routine will copy some necessary DLLs into the Windows directory and the program files into the directory you specify.

SHARE

IF YOU ARE PROMPTED TO ADD "SHARE.EXE" TO YOUR AUTOEXEC.BAT
First, try to run the HAM RADIO 2000 VOL. 2 program. If the program runs normally, share is not required. If you do not see any files listed, then you will need to add the share.exe command. SHARE.EXE should be located in your DOS directory. To add it to your autoexec.bat file, type the following at a DOS prompt:

```
"EDIT c:\autoexec.bat"  
"[ENTER]"
```

Then add the following line to your autoexec.bat file:

```
"C:\DOS\share.exe /l:500"
```

C:\DOS\ is the path where share.exe is located. If share.exe is in a different path then you must substitute the correct path.

Then save the file and reboot.
