

Using the Full Recipe Finder you can search for recipes that have certain words or phrases in their Instructions. To do so:

- Bring up the Full Recipe Finder, by holding down the Option key when you click on Match What in either a Recipe File Window or the Recipe Browser.
- Type the word or words you want to match into the text box labelled Instructions, then click OK or hit Return.
- Back in the Recipe File Window or the Recipe Browser, make sure that List Only Matches is checked.

The list of recipes you see will be narrowed down to those whose Instructions contain the text that you typed. You can see the entire list of recipes again by checking List All Recipes.
