

ext month Teletimes will feature Favorite Authors. If you've read a really great book recently, or have enjoyed the work of a particular writer...send us an article describing your experience! Book reviews, biographical articles, whatever!

Also debuting in May: Ken Eisner, a professional Vancouver writer, will be bringing us a whole new Arts & Entertainment section. Look for it soon!

And all you budding photographer types out there, don't forget to enter PHOTON '94 (see last page for info and form).
