

he June issue of Teletimes will feature articles related to Sports & Leisure. Articles could be about anything from Sumo Wrestling to Paintball to the therapeutic aspects of outdoors hiking. The submissions deadline is the 15th of May. Contact [editor@teletimes.com](mailto:editor@teletimes.com) for details.

And in July, we will be bringing you an entire issue devoted to Photon '94, our first annual photography contest. The issue will announce the winners, display their work, the work of some runners up, and will hopefully contain some interviews with the winning photographers.

One last announcement: Between June 15th and 18th, the University of British Columbia will be hosting a large conference on writing and publishing in the information age. The conference is called WRITE '94 and costs around US\$375 (cheaper if you are a full-time student). Teletimes will be appearing at the conference in the CD-ROM showcase. E-mail [write@cce.ubc.ca](mailto:write@cce.ubc.ca) for further information.
