Signed _____

INSTRUCTIONS:

Please use above form to order PhotoLib® photographs and Special Theme CD-ROMs.

Firstly, if you do not know the pricing use above form to request a quote. Tick PLEASE QUOTE and fill the form completely as for the final order except for Price Products, Shipping, Total Amount and Credit Card Details. Fax it to Kagema and we will return it with the pricing details completed.

Once you know the exact price, please tick FINAL ORDER, complete the credit card details and resend.

The form is self-explanatory. Here are a few tips to avoid misunderstandings.

You have to tick either PORTFOLIO CD-ROM or IMAGES ON DISKETTES. Do not tick both!
If you tick Portfolio CD-ROM you have to choose either Kodak PhotoCD format or JPEG.

In addition you may order Special Theme CDs. Please tick one or several volumes. You can order several of one volume by entering the number of pieces - otherwise enter 1.

When ordering individual images, please enter one or several file names plus order code. You will find the file name when viewing the image with Album. Enter the first seven characters. This is either numerical, or starts with PO. Other images (starting with PD) cannot be ordered individually. They are only available on Special Theme CDs.

The Order Code can be found in the CARDFILE description for the image file.

Examples:	0544030	A
	0232100	S
	PO2_050	C

If you require more space for ordering additional images please use a second form and enter CONTINUE as the last image on the first page and as the first image on the second page.

We would appreciate your suggestions how to improve for you ordering PhotoLib® images.
