Ulead PhotoImpact[™] 3.01 THE STANDARD IN IMAGING FOR Microsoft[®] Office USERS

As a Microsoft Office user, you can now quickly create more visual and effective documents and presentations with Ulead PhotoImpact 3.01. It complies with the interface standards of Microsoft Office and takes full advantage of the 32-bit Windows TM 95 and Windows NT operating systems for superior performance and seamless compatibility on your desktop.

Guided Workflow ToolsTM move you from image acquisition, through quality enhancement, to adding studio-like finishes. AutoProcess ToolsTM automatically straighten, crop, and enhance your images. Easy Palette lets you visually Pick-and-ApplyTM a new effect, style, texture, and gradient to your images. Then, when your image is complete, a quick drag-and-drop places it in your document. By removing barriers of time, cost and complexity, Ulead PhotoImpact helps you attain your business goals whenever words alone are insufficient.
