          Source:   German Photomorph Contest Entry
Approx Play Time:   4 seconds
Size of AVI file:   393,516 bytes
      Resolution:   144x216
```

Comments:

This is an example of a good morph between two people. The eyes are particularly well done. However, this morph could easily be improved upon by increasing the quality settings within *PhotoMorph* and increasing the number of points. This would eliminate the spider-web effect that occurs in the animation. See the ***Removing Spider-Webs*** section of ***How Pro's Morph*** for more information.
