

Filename: bpp.avi
Source: North Coast Software
Approx Play Time: 10 seconds
Size of AVI file: 1,445,180 bytes
Resolution: 220x200

Comments:

The animation is straightforward, using only the Fade To Image Transition Filter. The intermediate images were modified by using the Invert Image feature of *PhotoMorph* as well as the Hue and Saturation features of *Conversion Artist*. See ***Image Modification*** in ***How Pro's Morph*** for more information.
