

Filename: web.avi
Source: North Coast Software
Approx Play Time: 8 seconds
Size of AVI file: 1,642,358 bytes
Resolution: 220x200

Comments:

Careful use of *Conversion Artist's* image modification features allowed the animator to seemingly remove the spider web from the original image. In the final product, Fades between the varying stages of this process are shown in reverse order. See ***Image Modification*** and ***Transition Effects*** in ***How Pro's Morph*** for further details.
