

Komm, süsser Tod

(Ven, dulce muerte)

I know, i know I've let you down
I've been a fool to myself
I thought that I could
live for no one else
but now thought all the hurt & pain
It's time for me to respect
the ones you love
mean more than anything
so with sadness in my heart
feel the best thing I could do
is end it all
and leave forever
what's done is done it feels so bad
what once was happy now is sad
I'll never love again
my world is ending

I wish that I could turn back time
'cos now the guilty is all mine
can't live without
the trust from those you love
I know we can't forget de past
you can't forget love & pride
because of that it's kill in me inside

It all returns to nothing, it all comes
tumbling down, tumbling down, tumbling down
it all returns to nothing, I just keep
letting me down, letting me down, letting me down
In my heart of hearts
I know that I called never love again

I've lost everything
everything
everything that matters to me, matters in this world

I wish that I could turn back time
'cos now the guilty is all mine
can't live without
the trust from those you love
I know we can't forget de past
you can't forget love & pride
because of that it's kill in me inside

It all returns to nothing, it just keeps
tumbling down, tumbling down,
tumbling down.

It all returns to nothing, it just keeps
letting me down, letting me down,
letting me down.

FLY ME TO THE MOON

Fly me to the moon,
and let me play among the stars...
Let me see what Spring is like
On Jupiter and Mars...
In other words, hold my hand...
In other words, darling, kiss me...

Fill my heart with song,
and let me sing forevermore...
You are all I long for
All I worship, and adore...
In other words, please be true!
In other words...
I love you

Thantos - If I Can't Be Your's:

Now it's time, I fear to tell
I've been holding it back so long
But something strange deep inside of me is happening
I feel unlike
I've ever felt
And it's makin' me scared
That I may not be what I (think I am)
What of us, what do I say
Are we both from a different world

Cos every breath that I take, I breathe it for you
I couldn't face my life without you
And I'm so afraid. There's nothing to comfort us
What am I, if I can't be yours
I don't sleep, don't feel a thing
And my senses have all but gone
Can't even cry from the pain, can't shed a tear now
I realise
We're not the same
And it's makin' me sad
Cos we can't fulfil our dream (in this life)
So I must, let us break free
I can never be what you need
If there was a way, through the hurt
Then I would find it
I'd take the blows. Yes I would fight it
But this is the one. Impossible dream to live
What am I, if I can't be yours.

ARMAGEDDON

How many times must we start again
The creation of the world from beginning to end
What will it take before we learn
We gotta wake up now 'n show some concern
What will the future hold
How many untold stories will be told
Just what will the future bring
How many species of birds will have a song to sing
Man 'n man can't even get on
'n man 'n womans been at war for far too long
Superior race all this black 'n white vision
Catholic. Muslim. There's too many religions
Too much hatred too much greed
Ignorant people pollute the air that we breathe
We've gotta wake up now before it's much too late
Hungry people need food on their plate
People being killed for just a few pence
Can you justify that 'cause it makes no sense to me
You're growing up much too fast
The destruction of mankind - how long will it last
Perfect - that's what I'm striving to be
The next best thing will do for me
I do my best you disagree
Holier than thou, holier than me
Committing crimes with no remorse
As good as gold now an evil force
One word description is a dice
You lick a boy down for his bag of cheese 'n onion crisp
And you don't even stop to think
Whatever happened to the dinosaurs could make us all extinct
I'm being judged by the clothes that I wear
We gotta educate those with a grudge to bear
But I'm content to a certain extent

You're condemned for a life that's too late to repent
Inna - most beauty such a terrible waste
Caught between a rock and a hard place
Be judged according to what you've done
Live this life the next is a better one
Eat the fruit from the tree of life
'Cause if you live by the sword... you'll die by the knife
How great and wonderful are your days
How right and true are your ways...
No more death, grief, crying or pain
'Cause only the good things will remain...
Heed my words 'cause what I'm saying is true
Treat them exactly as they treated you -
Wipe away the tears from your eyes
Be proud, life your head up - reach for the skies
Condemned for what you did to them
Now see how quick they fall to worship him
There's a place in my heart that makes me understand
Prepared and ready like a bride dressed to meet her husband
Treat life as a learning process
I said turn right so you took a sharp left
Wake up and we'll all sleep peacefully
The sun shines but it still seems bleak to me
You tell a lie and convince me it's the truth
I'm well mannered yet you still call me uncouth
I believe that there's got to be much more
I hope I'm ready when death comes knockin' on my door
Maybe tonight, maybe as I sleep
It can drive you mad if you think too deep
But don't have a breakdown 'cause I called you a clown
You threw a punch 'n missed
I killed you with a kiss
What on earth will you do then
The hour of your death, amen

'n all the prejudice that I've sustained
I know it sounds funny but I just can't stand the pain
Six foot below
Reap what you sow
Grim without grief
Sad without sorrow

EVERYTHING YOU'VE EVER DREAMED

What was it she did to break your heart
Betray your heart and everything
Kiss you with a kiss that wasn't true
It wasn't you at all
Hide behind a painted smile
Did you know that you would live a lie or two
Pull the very ground from under you
And leave you nowhere else to run
You can sail the seven seas
And find love is a place you'll never see
Passing you like a summer breeze
You feel life has no other reason to be
You can wait a million years
And find that heaven's too far away from you
Love's just a thing others do
What is love
Till it comes home to you
Did she promise you the world
And did that girl
Just throw your love away
Leave you like a lonely solitaire
With just despair for company
Do you think you'd find revenge so sweet
Make it so your heart will never beat
Squeeze the very last and dying breath
From everything you've ever dreamed

You can sail the seven seas
And find love is a place you'll never see
Passing you like a summer breeze
You feel life has no other reason to be
You can wait a million years
And find that heaven's too far away from you
Love's just a thing others do
What is love
Till it comes home to you

FROM MY DREAMS

You were my fantasy
And now you're reality
You found a way into my life from my dreams
You're giving me everything
I never thought love could bring
You found a way into my heart from my dreams
Before I met you I'd always get by
I never doubted, I was strong inside
I was happy in my life
Everything was going as I had planned
I always felt I had the upper hand
And I could handle anything
Bridge
I never gave a thought to the possibility
That there was something missing
So hung up on making me my priority
I only had to listen to my imagination

I wake up in the morning feeling fine
Now you're the first thing that is on my mind
I feel a change in me
Emotions that I never knew I had
Are pouring out of me 'cause I'm so glad
Of what you mean to me

ANGEL ATTACK

Late Saturday night, early Sunday morning
I woke up stretching and a-yawning
I got a visited by something out of this world
I wasn't sure if it was a boy or a girl
It had wings had wings and things
And forgave my sins
I said "Hi!" - whatever, it was grieved
Was it all in my mind, but it seemed so real
Am I being tested against my will

'Cause sometimes people get tested that way
The evil will feast on easy pray
But I'm not a meal, you can't take me alive
For the good die young, only the strong survive.
Sailing under false colours
You can't fool me
Taking on a false name or identity
You can hide your real purpose but believe me do
Your mind's dense but I can see right through you
In life we all get tested
I think you picked the wrong fuckwit
From the outside looking in
You think you're fat, but you're kinda thin.
The joy of living high spirits carefree
Watch your back....
In case of an angel attack
A person or thing I'll distress
Avoid.... the prince of darkness
Was it all in my mind but it seemed so real
Is this how the feeling's supposed to feel?
The joys of living high spirits carefree
Watch your back.....
In case of angel attack.
