

1966 Ford Mustang Convertible

In the mid-1960's, Ford introduced perhaps its most memorable automobile ever –a sporty new 'ponycar' called the Mustang. With its sleek, distinctive Italian-flavored styling, optional 289 cubic inch V-8 engine and a host of other performance options, the Mustang became an instant American classic. This beautiful replica will bring back great memories to all who see it in your home or office.
