

Microsoft Windows NT Version 3.51 Hardware Compatibility List

The following computers and peripherals have been tested and have passed compatibility testing with Windows NT 3.51 as of September, 1995. Some computers may be sold with peripherals that are not yet supported by the Windows NT operating system, or that require a device driver supplied by the manufacturer. We have not tested every computer and/or device in all possible configurations. Please refer to the Release Notes for additional compatibility information when installing Windows NT 3.51.

Attached as an addendum is the May 1995 update of the Windows NT 3.1 x86 Architecture Uniprocessor Computers Hardware Compatibility List. All computer systems listed on the addendum are expected to run with Windows NT 3.51. If you encounter problems while running Windows NT 3.51, please file a bug report by filling out 'PROBREP.TXT' located in the \i386 directory on Windows NT 3.51 CD-ROM or floppy disk #2 of the Windows NT 3.51 installation disks and submit it as instructed in PROBREP.TXT.

Items listed with footnote number 1 require one of the device drivers available in the \DRVLIB directory on the Windows NT 3.51 CD-ROM.

*Items listed with footnote number 2 are supported with device drivers available in the Windows NT Driver Library. Please see the **Updates** section under **Tech Info** for information on accessing these drivers.*

Updates to Windows NT 3.51 Hardware Compatibility List will appear on the World Wide Web at <http://www.microsoft.com/BackOffice/ntserver/hcl> and at ftp location [ftp.microsoft.com/bussys/winnt/winnt-docs/hcl/hcl351](ftp://ftp.microsoft.com/bussys/winnt/winnt-docs/hcl/hcl351). It can also be found in Library 1 of the WINNT (GO WINNT) forum or Library 17 of the MSWIN32 forum (GO MSWIN32) on CompuServe Information Services.

SCSI CD-ROM Drives

The following SCSI CD-ROM drives have been tested with the following adapters: Adaptec AHA-1510, AHA-1542C, AHA-1640, and AHA-1742A; Future Domain TMC-1670 and MCS-600; IBM PS/2 Microchannel SCSI Host Adapter (with cache); Ultrastor 24fa, and are supported on x86, MIPS, Alpha AXP, and PowerPC platforms except as noted. Drives have been tested for data access as well as for the audio capabilities indicated.

SCSI Tape Drives

The following SCSI tape drives have been tested with the following adapters using the Windows NT Backup program: Adaptec AHA-1510, AHA-1542C, AHA-1640, and AHA-1742A; Future Domain TMC-1670 and MCS-600; IBM PS/2 Microchannel SCSI Host Adapter (with cache); Ultrastor 24fa, and are supported on x86, MIPS, Alpha AXP, and PowerPC platforms except as noted. Drives are listed under their appropriate Tape entry in SETUP.

The following display adapters have been tested on Digital Equipment Alpha AXP systems. Most common scan frequencies are supported. Your video monitor should support the same resolutions and scan frequencies as your display adapter. Please refer to README.WRI for more information on display support.

The following display adapters have been tested on the PowerPC platform. Most common scan frequencies are supported. Your video monitor should support the same resolutions and scan frequencies as your display adapter. Please refer to README.WRI for more information on display support. All Video adapters listed below require that the host computer provide support in the firmware for third party add-in video(INT 10), unless otherwise noted.

Hardware Security Hosts

The following hardware security hosts have been tested for use with Remote Access Service, and are supported on x86, MIPS, and Alpha AXP, and PowerPC platforms except as noted.

Digital Pathways Defender 1000D
Racal Gaurdata GSM
Security Dynamics ACM400

ISDN Adapters

The following ISDN adapters have been tested for use with Remote Access Service, and are supported on x86, MIPS, Alpha AXP, and PowerPC platforms except as noted.

Digiboard DataFire Adapter
DigiBoard PCIMAC ISA Adapter
DigiBoard PCIMAC/4 Adapter

Multi-port Serial Adapters

The following multi-port serial adapters have been tested for use with Remote Access Service, and are supported on x86, MIPS and Alpha AXP platforms except as noted. PowerPC support is only available on entries listed with footnote 106.

X.25 Adapters

The following X.25 adapters have been tested for use with Remote Access Service, and are supported on the x86 and Alpha AXP platforms.

EiconCard EC/PC 1 Meg

EiconCard HSI/PC 1 Meg

Eicon Dual-Port Network-Adapter (DPNA) 2 Meg

Eicon Multi-Port Network-Adapter (MPNA) 2 Meg

Third Party Remote Access Servers

The following third party remote access servers have been tested for use with Remote Access Service on the Windows NT 3.51 Workstation. See Remote Access readme file (rasread.txt) for details on third party product versions supported.

Shiva LAN Rover
Telebit NetBlazer
Cisco
3Com/Centrum AccessBuilder

Keyboards

Any keyboard 100% compatible with those listed below.

IBM AT (84-key) 100

Pointing Devices

The following pointing devices have been tested. The MIPS and Alpha platforms support mouseport and serial pointing devices. PowerPC support is only available on entries listed with [footnote 106](#).

Technical Notes

The Windows NT Driver Library is provided on the Windows NT CD-ROM in the \DRVLIB directory, as well as several locations for electronic transmission. Please see the section at the end of this document for instructions on downloading and accessing Windows NT Driver Library drivers.

- 1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See the **Updates** section under **Tech Info** for information on accessing these drivers.
- 2 This device requires a driver from the Windows NT Driver Library. See the **Updates** section under **Tech Info** for information on accessing these drivers.
- 3 System requires ALR EISA Config utility 2.13 or later to enable COM ports in Windows NT.
- 4 External Cache must be disabled to run Windows NT.
- 5 Requires AST BIOS revision 1.02 to install and run Windows NT.
- 6 Requires AST BIOS revision 2.03 to install and run Windows NT.
- 7 Must copy ABIOS.SYS and *.BIO from reference diskette to root directory of boot drive to install Windows NT on this system.
- 8 Requires the IBM RAID Controller v2.0 driver located in Windows NT Driver Library. See the **Updates** section under **Tech Info** for information on accessing these drivers.
- 9 This system only supports 640x480x16 video resolution.
- 10 Refer to SETUP.TXT on the Windows NT 3.51 CDROM for information on configuring this machine/device before installation.
- 11 This system is only supported using the IBM 170MB Harddrive.
- 12 Contact Panasonic at 1-800-LAPTOP5 for CD-ROM compatibility with Windows NT 3.51.
- 13 To install Windows NT on this system SCSI detection must be skipped during setup.
- 14 Refer to setup.txt to properly configure this system for printing in Windows NT.
- 15 PCMCIA network adapters not supported when configured at IRQ 10 on this model.
- 16 Contact the manufacturer for information on running Windows NT on this machine.
- 17 Requires AMD Bios revision 0.02.18 to function as a multiprocessor system.
- 18 This model requires firmware revision 2.19 or greater to support third party add-in video(INT 10).
- 19 This model has firmware support for third party add-in video(INT 10).
- 20 COM2 must be disabled in CMOS setup for PCMCIA modems to function.
- 21 Floppy drive not supported on this system when running off of Battery power.
- 22 This system requires that PCMCIA Power be enabled in system BIOS.
- 23 If the Port Replicator is used with this model, PCMCIA netcards are not supported configured at IRQ 10 or 11 and I/O Port 300.
- 24 PCMCIA devices cannot be present in this model during Windows NT 3.51 setup.
- 25 PCMCIA netcards not supported at I/O port 300 on this model.
- 26 PCMCIA netcards are not supported when using IRQ 10 on this model.
- 27 PCMCIA hard drives not supported on this model.
- 28 This adapter uses the 'Novell NE2000 compatible Adapter' driver.
- 29 This adapter has been verified to work with Network Monitor
- 30 Will be detected as 'Compaq SpeedPAQ 144/P' modem during setup.
- 31 Will be detected as a 'Hayes Optima 28800' modem during setup.
- 32 Supported as a client modem only.
- 33 Supported on x86 only.
- 34 For best performance, this adapter should be configured to IRQ-11.
- 35 Tape drives are not supported with this adapter.
- 36 Tested with firmware revisions 3.10 and 3.20.
- 37 This adapter requires an active terminator for proper performance.
- 38 The floppy controller on this adapter is not supported.
- 39 This adapter must be configured for 5 Mb/second asynchronous I/O to work with listed CD-ROM drives from NEC.
- 40 This adapter must be configured for 5 Mb/second asynchronous I/O to work with listed CD-ROM drives from Chinon, Hitachi, and NEC.
- 41 Tested with the Unisys PW2 Advantage 3256 (Flemington).
- 42 AIC-7770c and AIC-7770e are supported.
- 43 Tested with the Unisys PW2 Advantage Plus MPE 4668.
- 44 Removable media drives that do not implement media locking are not supported with write-cache enabled.
- 45 Tested with Compaq Deskpro XL 466 and HP Vectra XU 5/90c.
- 46 Scanners are not supported with this adapter.
- 47 Tested with Firmware revision 7BB.
- 48 Tested with Firmware revision 7A.
- 49 Some non-wide SCSI devices may require the disabling of wide transfer negotiations to function properly.
- 50 To use this adapter, at least one device on the bus must provide termination power.
- 51 Refer to SETUP.TXT for information on configuring this adapter.
- 52 Removable media is not supported with this adapter.
- 53 This adapter does not support the WangTek 5150es tape drive.
- 54 SCSI BIOS dated before 1991 requires PS/2 Reference Diskette version 1.12 or later.
- 55 This adapter cannot be used for CD Setup. To install Windows NT with this adapter, use the WINNT.EXE Setup method.
- 56 The driver for this adapter defaults to IRQ-15.
- 57 Tested with NEC RISCstation 2000.
- 58 Tested with Dell Omniplex 560.
- 59 Tested with Digital Equipment Corp. AlphaServer 2100 4/200 (Digital Equipment Corp. 2100 Server model A500MP).
- 60 Tested with COMPAQ Portable 486c.

61 Tested with NCR System 3000 Model 3360.
62 This driver is not supported on Multiprocessor computers.
63 This adapter is only supported on IRQ-5.
64 Tested with firmware revision 005.
65 Requires firmware revision 008.
66 This drive is not supported for use with the Future Domain TMC-850M and TMC-1670 adapters.
67 This drive is not supported with the IBM PS/2 Microchannel SCSI Host Adapter.
68 Users may encounter problems with CD-R (recordable) discs.
69 Requires firmware revision 2.5 for proper operation, please contact NEC Technical support (800-388-8888) for assistance.
70 Tested with firmware revision R.
71 This drive requires double-termination when used with the Adaptec AHA-1742A.
72 This drive is not supported for use with the Adaptec AHA-1740 and AHA-1742 adapters.
73 This drive is not supported on the Alpha platform.
74 Requires firmware revision 1.10C to function properly with Windows NT.
75 Requires firmware revision W11 or greater to function properly with Windows NT.
76 Supported with CD-ROM drives based on Panasonic CR-52x and CR-56x models only.
77 Requires firmware revision S02 or greater to function properly with Windows NT.
78 Tested with firmware revision 0.2f.
79 This drive is not supported with the Adaptec AHA-1640 adapter.
80 NTBackup does not support autoloaders. This drive is supported in single-tape operation only.
81 Requires firmware version 484 or later for proper operation.
82 This drive is not supported with the Future Domain TMC-850M(ER).
83 Tested with firmware revision ARCHIVE IBM4326NP/RP !D04AP
84 This drive is not supported with the IBM PS/2 Microchannel SCSI Host Adapter (with cache).
85 This drive is not supported with the Adaptec AHA-1510 adapter.
86 The Future Domain TMC-1670 with bios version 3.0 requires that the bios be disabled when used with this drive.
87 Compression jumper must be in enabled position on this drive.
88 This drive is not supported with the UltraStor 24fa adapter.
89 Requires firmware revision DEC9314
90 Tested with firmware revision DEC4318
91 Tested with firmware revision DEC930A
92 Tested with firmware revision DEC9514
93 This drive is not supported with the Adaptec AHA-1742A adapter.
94 For use with floppy controllers. Separate interface controllers for these types of drives are not supported.
95 Formatting a QIC-40/QIC-80 Floppy Tape may require disconnecting from the network to enable tape to format properly.
96 Not supported on the PowerPC platform.
97 The Adaptec emulation mode on the Dell Drive Array(DDA) must be disabled for compatibility with the hardware's Windows NT Driver.
98 This adapter is currently supported in its ESC-1/ESC-2 compatibility mode only.
99 This is a SCSI Wide-Differential adapter/device. Not supported with Wide-Singled Ended adapters/devices.
100 Supported on x86 only.
101 Not supported with the Future Domain 1670 SCSI Adapter.
102 Tested with BusLogic BT-747S.
103 Not supported as boot device.
104 Not supported with the Future Domain TMC-850m.
105 Tested with firmware revision HQ30.
106 Supported on PowerPC platform.
107 Requires firmware version 1.15.15s for proper performance.
108 Versions of this board based on the 688LX or 68003 chip require more than 1mb of video memory to support 800x600x65k.
109 Some revisions of this board are not supported under Windows NT. Please see the Release Notes on how to identify these boards.
110 The AVGA will occasionally present "snow" on the screen at 800x600.
111 This adapter only supported in Compaq DeskPro product line.
112 Requires Firmware revision E. Bios 3.09 for proper performance.
113 Tested with NCR System 3000 Model 3445.
114 Tested with NCR System 3000 Model 3350.
115 This adapter is only supported on the IBM Power Personal Developer's ToolBox Program Standard Desktop System.
116 Tested as on-board video chipset, does not require firmware support for third party add-in video(INT 10).
117 Random pixel corruption may occur on Pentium based systems.
118 65k colors are supported with a 565 DAC, 32k colors with a 555 DAC.
119 Some older 928 chips do not support 800x600xTRUE with 2Mb of RAM.
120 Not all video board/monitor combinations are able to properly display 1600x1200.
121 ATI Mach 32 based boards with revision 003 of the Mach 32 chip will not support 800x600 with only 1Mb of RAM.
122 2MB Video Memory only supported on Cirrus 543x series of chips.
123 This adapter is not supported on the Compaq ProSignia 500.
124 FDDI tested only.
125 Not supported with Multiprocessor MIPS systems.
126 This adapter is not supported with DMA mode enabled.
127 This adapter uses the 'AMD PCNET Family Ethernet Adapter' driver.
128 Not compatible with IBM Thinkpad 700.
129 Non-bidirectional parallel port machines may suffer performance degradation when the driver for this adapter is installed.

- 130 The Toshiba 4700CS and 4800CT are not supported in Bi-directional mode with this adapter.
- 131 Not supported in Sound Blaster 1.x compatibility mode.
- 132 Supported in Sound Blaster 1.x compatibility mode.
- 133 Will be detected as a 'Hayes Accura 14400' modem during setup.
- 134 Error control and flow control forced on.
- 135 Advanced features disabled.
- 136 Flow control forced on.
- 137 Maximum DTE speed set to 2400.
- 138 Maximum DTE speed set to 9600.
- 139 Modem compression forced on.
- 140 Tested as standard serial ports only.
- 141 Does not support SPACE or MARKET Parity or 1.5 stop bit.
- 142 This device was tested with the same SCSI adapters listed in SCSI CD-ROM section header.
- 143 This device is not supported with the UltraStor 24fa and IBM PS/2 Microchannel SCSI host adapters.
- 144 Shared interrupt configuration is not recommended when running RAS, use one interrupt for each port.
- 145 Tested only on the PowerPC platform.
- 146 This system requires an ABIOS.SYS driver dated after 11/1/93 to support IDE drives. Call Microsoft Product Support Services to obtain this update.
- 147 To run Windows NT 3.1 on this system contact the IBM HelpCenter at 1-800-772-2227.
- 148 IDE drives greater than 500MB are only supported with BIOS Version 1.23 or later, with BIOS setting for IDE in standard mode.

How To Find New Drivers in the Windows NT Driver Library (WNTDL)

COMPUSERVE

- A. If you are using WinCIMSM:
 - 1. From the Services menu, select GO.
 - 2. Type MSL in the GO dialog box.
 - 3. Select 2 to scan.
 - 4. Search for WNTDL to view the whole WNTDL list or another key word to view specific files.
- B. If you are not using WinCIM, log onto CompuServe, type GO MSL, then follow instructions 3 and 4 above.

ONLINE

- A. Log onto OnLine.
 - 1. From the Database menu, select the option to Select DB.
 - 2. Choose the Software Library option.
 - 3. From the Software Library option, select the option Host Items.
 - 4. In the Query box, type WNTDL to review the whole WNTDL list or another key word to view a specific file.
- B. To get more information on a specific file, highlight the file with the cursor and press <Enter>. This brings up more details about the file.

GENie™

Log onto Genie.

- 1. From the main menu, select option 5 - Computing Services.
- 2. From the Computing Services menu, select option 6 - IBM PC/TANDY Roundtables.
- 3. From the IBM PC/TANDY Roundtables menu, select option 3 - Software Libraries.
- 4. From the Software Libraries Menu, select option 3 - Search File Directory.
- 5. Type WNTDL as the search string to view the WNTDL list or any other key word to view a specific file.

MICROSOFT DOWN LOAD SERVICES

Log onto MSDL by calling (206) 936-6735.

- 1. Enter name and location.
- 2. From the main menu, press F for File index.
- 3. Select L to list the whole WNTDL list or E to examine a specific file.

IF YOU DO NOT HAVE A MODEM

You can obtain an individual driver from the WNTDL on a disk by calling Microsoft Product Support Services at (206) 637-7098.

While we have endeavored to supply as complete and accurate a list as possible, MICROSOFT MAKES NO WARRANTIES, EXPRESS OR IMPLIED, AS TO THE COMPLETENESS AND ACCURACY OF THIS LIST. This list does not constitute an endorsement of any particular manufacturer.

Microsoft®

- 1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See the **Updates** section under **Tech Info** for information on accessing these drivers.

2 This device requires a driver from the Windows NT Driver Library. See the **Updates** section under **Tech Info** for information on accessing these drivers.

3 System requires ALR EISA Config utility 2.13 or later to enable COM ports in Windows NT.

4 External Cache must be disabled to run Windows NT.

5 Requires AST BIOS revision 1.02 to install and run Windows NT.

6 Requires AST BIOS revision 2.03 to install and run Windows NT.

7

Must copy ABIOS.SYS and *.BIO from reference diskette to root directory of boot drive to install Windows NT on this system.

8 Requires the IBM RAID Controller v2.0 driver located in Windows NT Driver Library. See the **Updates** section under **Tech Info** for information on accessing these drivers.

10 Refer to SETUP.TXT on the Windows NT 3.51 CDROM for information on configuring this machine/device before installation.

11 This system is only supported using the IBM 170MB Harddrive.

13 To install Windows NT on this system SCSI detection must be skipped during setup.

15 PCMCIA network adapters not supported when configured at IRQ 10 on this model.

16 Contact the manufacturer for information on running Windows NT on this machine.

17 Requires AMD Bios revision 0.02.18 to function as a multiprocessor system.

18 This model requires firmware revision 2.19 or greater to support third party add-in video(INT 10).

19 This model has firmware support for third party add-in video(INT 10).

20 COM2 must be disabled in CMOS setup for PCMCIA modems to function.

21 Floppy drive not supported on this system when running off of Battery power.

This system requires that PCMCIA Power be enabled in system BIOS.

If the Port Replicator is used with this model, PCMCIA netcards are not supported configured at IRQ 10 or 11 and I/O Port 300.

25 PCMCIA netcards not supported at I/O port 300 on this model.

26 PCMCIA netcards are not supported when using IRQ 10 on this model.

27 PCMCIA hard drives not supported on this model.

28 This adapter uses the 'Novell NE2000 compatible Adapter' driver.

30 Will be detected as 'Compaq SpeedPAQ 144/P' modem during setup.

31 Will be detected as a 'Hayes Optima 28800' modem during setup.

34 For best performance, this adapter should be configured to IRQ-11.

35 Tape drives are not supported with this adapter.

37 This adapter requires an active terminator for proper performance.

38 The floppy controller on this adapter is not supported.

This adapter must be configured for 5 Mb/second asynchronous I/O to work with listed CD-ROM drives from NEC.

This adapter must be configured for 5 Mb/second asynchronous I/O to work with listed CD-ROM drives from Chinon, Hitachi, and NEC.

42 AIC-7770c and AIC-7770e are supported.

Removable media drives that do not implement media locking are not supported with write-cache enabled.

46 Scanners are not supported with this adapter.

49 Some non-wide SCSI devices may require the disabling of wide transfer negotiations to function properly.

To use this adapter, at least one device on the bus must provide termination power.

51 Refer to SETUP.TXT for information on configuring this adapter.

This adapter does not support the WangTek 5150es tape drive.

This adapter cannot be used for CD Setup. To install Windows NT with this adapter, use the WINNT.EXE Setup method.

56 The driver for this adapter defaults to IRQ-15.

62 This driver is not supported on Multiprocessor computers.

This drive is not supported for use with the Future Domain TMC-850M and TMC-1670 adapters.

67 This drive is not supported with the IBM PS/2 Microchannel SCSI Host Adapter.

68 Users may encounter problems with CD-R (recordable) discs.

69 Requires firmware revision 2.5 for proper operation, please contact NEC Technical support (800-388-8888) for assistance.

71 This drive requires double-termination when used with the Adaptec AHA-1742A.

This drive is not supported for use with the Adaptec AHA-1740 and AHA-1742 adapters.

This drive is not supported on the Alpha platform.

74 Requires firmware revision 1.10C to function properly with Windows NT.

Requires firmware revision W11 or greater to function properly with Windows NT.

77 Requires firmware revision S02 or greater to function properly with Windows NT.

79 This drive is not supported with the Adaptec AHA-1640 adapter.

80 NTBackup does not support autoloaders. This drive is supported in single-tape operation only.

81 Requires firmware version 484 or later for proper operation.

82 This drive is not supported with the Future Domain TMC-850M(ER).

This drive is not supported with the IBM PS/2 Microchannel SCSI Host Adapter (with cache).

85 This drive is not supported with the Adaptec AHA-1510 adapter.

The Future Domain TMC-1670 with bios version 3.0 requires that the bios be disabled when used with this drive.

87 Compression jumper must be in enabled position on this drive.

88 This drive is not supported with the UltraStor 24fa adapter.

89 Requires firmware revision DEC9314

93 This drive is not supported with the Adaptec AHA-1742A adapter.

For use with floppy controllers. Separate interface controllers for these types of drives are not supported.

95 Formatting a QIC-40/QIC-80 Floppy Tape may require disconnecting from the network to enable tape to format properly.

96 Not supported on the PowerPC platform.

The Adaptec emulation mode on the Dell Drive Array(DDA) must be disabled for compatibility with the hardware's Windows NT Driver.

This adapter is currently supported in its ESC-1/ESC-2 compatibility mode only.

This is a SCSI Wide-Differential adapter/device. Not supported with Wide-Singled Ended adapters/devices.

101 Not supported with the Future Domain 1670 SCSI Adapter.

103 Not supported as boot device.

104 Not supported with the Future Domain TMC-850m.

105 Tested with firmware revision HQ30.

107 Requires firmware version 1.15.15s for proper performance.

108 Versions of this board based on the 688LX or 68003 chip require more than 1mb of video memory to support 800x600x65k.

109 Some revisions of this board are not supported under Windows NT. Please see the Release Notes on how to identify these boards.

110 The AVGA will occasionally present "snow" on the screen at 800x600.

111 This adapter only supported in Compaq DeskPro product line.

112 Requires Firmware revision E. Bios 3.09 for proper performance.

115 This adapter is only supported on the IBM Power Personal Developer's ToolBox Program Standard Desktop System.

116 Tested as on-board video chipset, does not require firmware support for third party add-in video(INT 10).

117 Random pixel corruption may occur on Pentium based systems.

118 65k colors are supported with a 565 DAC, 32k colors with a 555 DAC.

119 Some older 928 chips do not support 800x600xTRUE with 2Mb of RAM.

120 Not all video board/monitor combinations are able to properly display 1600x1200.

121 ATI Mach 32 based boards with revision 003 of the Mach 32 chip will not support 800x600 with only 1Mb of RAM.

122 2MB Video Memory only supported on Cirrus 543x series of chips.

123 This adapter is not supported on the Compaq ProSignia 500.

125 Not supported with Multiprocessor MIPS systems.

126 This adapter is not supported with DMA mode enabled.

127 This adapter uses the 'AMD PCNET Family Ethernet Adapter' driver.

129 Non-bidirectional parallel port machines may suffer performance degradation when the driver for this adapter is installed.

130 The Toshiba 4700CS and 4800CT are not supported in Bi-directional mode with this adapter.

131 Not supported in Sound Blaster 1.x compatibility mode.

132 Supported in Sound Blaster 1.x compatibility mode.

133 Will be detected as a 'Hayes Accura 14400' modem during setup.

134 Error control and flow control forced on.

137 Maximum DTE speed set to 2400.

139 Modem compression forced on.

140 Tested as standard serial ports only.

141 Does not support SPACE or MARKET Parity or 1.5 stop bit.

142 This device was tested with the same SCSI adapters listed in SCSI CD-ROM section header.

143 This device is not supported with the UltraStor 24fa and IBM PS/2 Microchannel SCSI host adapters.

144 Shared interrupt configuration is not recommended when running RAS, use one interrupt for each port.

145 Tested only on the PowerPC platform.

This system requires an ABIOS.SYS driver dated after 11/1/93 to support IDE drives. Call Microsoft Product Support Services to obtain this update.

To run Windows NT 3.1 on this system contact the IBM HelpCenter at 1-800-772-2227.

148 IDE drives greater than 500MB are only supported with BIOS Version 1.23 or later, with BIOS setting for IDE in standard mode.

- 9 This system only supports 640x480x16 video resolution.
- 10 Refer to SETUP.TXT on the Windows NT 3.51 CDROM for information on configuring this machine/device before installation.
- 11 This system is only supported using the IBM 170MB Harddrive.

24 PCMCIA devices cannot be present in this model during Windows NT 3.51 setup.
25 PCMCIA netcards not supported at I/O port 300 on this model.

- 27 PCMCIA hard drives not supported on this model.
- 26 PCMCIA netcards are not supported when using IRQ 10 on this model.

1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See
the **Updates** section under **Tech Info** for information on accessing these drivers.

29 This adapter has been verified to work with Network Monitor

31 Will be detected as a 'Hayes Optima 28800' modem during setup.
32 Supported as a client modem only.

- 1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See the **Updates** section under **Tech Info** for information on accessing these drivers.
- 44 Removable media drives that do not implement media locking are not supported with write-cache enabled.

44 Removable media drives that do not implement media locking are not supported with write-cache enabled.
47 Tested with Firmware revision 7BB.

44 Removable media drives that do not implement media locking are not supported with write-cache enabled.
48 Tested with Firmware revision 7A.

50 To use this adapter, at least one device on the bus must provide termination power.
51 Refer to SETUP.TXT for information on configuring this adapter.
52 Removable media is not supported with this adapter.

50 To use this adapter, at least one device on the bus must provide termination power.
51 Refer to SETUP.TXT for information on configuring this adapter.

46 Scanners are not supported with this adapter.
55 This adapter cannot be used for CD Setup. To install Windows NT with this adapter, use the WINNT.EXE Setup method.

35 Tape drives are not supported with this adapter.
56 The driver for this adapter defaults to IRQ-15.

- 1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See
the **Updates** section under **Tech Info** for information on accessing these drivers.
- 62 This driver is not supported on Multiprocessor computers.

1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See
the **Updates** section under **Tech Info** for information on accessing these drivers.

46 Scanners are not supported with this adapter.

35 Tape drives are not supported with this adapter.
50 To use this adapter, at least one device on the bus must provide termination power.
63 This adapter is only supported on IRQ-5.

50 To use this adapter, at least one device on the bus must provide termination power.
63 This adapter is only supported on IRQ-5.

68 Users may encounter problems with CD-R (recordable) discs.
69 Requires firmware revision 2.5 for proper operation, please contact NEC Technical support (800-388-8888) for assistance.

67 This drive is not supported with the IBM PS/2 Microchannel SCSI Host Adapter.
70 Tested with firmware revision R.

72 This drive is not supported for use with the Adaptec AHA-1740 and AHA-1742 adapters.
73 This drive is not supported on the Alpha platform.

- 84 This drive is not supported with the IBM PS/2 Microchannel SCSI Host Adapter (with cache).
- 85 This drive is not supported with the Adaptec AHA-1510 adapter.
- 86 The Future Domain TMC-1670 with bios version 3.0 requires that the bios be disabled when used with this drive.

- 84 This drive is not supported with the IBM PS/2 Microchannel SCSI Host Adapter (with cache).
- 85 This drive is not supported with the Adaptec AHA-1510 adapter.
- 86 The Future Domain TMC-1670 with bios version 3.0 requires that the bios be disabled when used with this drive.
- 87 Compression jumper must be in enabled position on this drive.

80 NTBackup does not support autoloaders. This drive is supported in single-tape operation only.
91 Tested with firmware revision DEC930A

80 NTBackup does not support autoloaders. This drive is supported in single-tape operation only.
92 Tested with firmware revision DEC9514

94 For use with floppy controllers. Separate interface controllers for these types of drives are not supported.
95 Formatting a QIC-40/QIC-80 Floppy Tape may require disconnecting from the network to enable tape to format properly.

10 Refer to SETUP.TXT on the Windows NT 3.51 CDROM for information on configuring this machine/device before installation.
97 The Adaptec emulation mode on the Dell Drive Array(DDA) must be disabled for compatibility with the hardware's Windows NT Driver.

102 Tested with BusLogic BT-747S.
103 Not supported as boot device.

104 Not supported with the Future Domain TMC-850m.
105 Tested with firmware revision HQ30.

1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See
106 the **Updates** section under **Tech Info** for information on accessing these drivers.
Supported on PowerPC platform.

118 65k colors are supported with a 565 DAC, 32k colors with a 555 DAC.
119 Some older 928 chips do not support 800x600xTRUE with 2Mb of RAM.

- 2 This device requires a driver from the Windows NT Driver Library. See the **Updates** section under **Tech Info** for information on accessing these drivers.
- 29 This adapter has been verified to work with Network Monitor
- 123 This adapter is not supported on the Compaq ProSignia 500.

1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See
124 the **Updates** section under **Tech Info** for information on accessing these drivers.
FDDI tested only.

1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See
the **Updates** section under **Tech Info** for information on accessing these drivers.
126 This adapter is not supported with DMA mode enabled.

- 1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See the **Updates** section under **Tech Info** for information on accessing these drivers.
- 128 Not compatible with IBM Thinkpad 700.
- 129 Non-bidirectional parallel port machines may suffer performance degradation when the driver for this adapter is installed.

- 1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See the **Updates** section under **Tech Info** for information on accessing these drivers.
- 29 This adapter has been verified to work with Network Monitor
- 128 Not compatible with IBM Thinkpad 700.
- 129 Non-bidirectional parallel port machines may suffer performance degradation when the driver for this adapter is installed.
- 130 The Toshiba 4700CS and 4800CT are not supported in Bi-directional mode with this adapter.

- 1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See the **Updates** section under **Tech Info** for information on accessing these drivers.
- 141 Does not support SPACE or MARKET Parity or 1.5 stop bit.

106 Supported on PowerPC platform.
140 Tested as standard serial ports only.

- 142 This device was tested with the same SCSI adapters listed in SCSI CD-ROM section header.
- 143 This device is not supported with the UltraStor 24fa and IBM PS/2 Microchannel SCSI host adapters.

1 This device requires a driver from the \DRVLIB directory on the Windows NT CD-ROM, or the Windows NT Driver Library. See
the **Updates** section under **Tech Info** for information on accessing these drivers.
33 Supported on x86 only.

- 9 This system only supports 640x480x16 video resolution.
- 10 Refer to SETUP.TXT on the Windows NT 3.51 CDROM for information on configuring this machine/device before installation.
