3D Atlas

Winner of the “Best Information and Reference” award, 3D Atlas is the perfect reference tool for home and school

- As over *1 million* users know, 3D Atlas is the only atlas that shows the world as it actually exists: full of elevations and depressions and dynamic over time.
- Navigate 3D spinning globes and zoom through nine levels of detail from the bottom of the Aleutian ocean to the top of Mt. Everest.
- Explore every country on earth through documentaries, spy satellite photos, and a wealth of statistical data from the World Resources Institute. 3D Atlas examines the environment, geography, climate, politics and cultures of each.
- Experience environmental mini-documentaries on the issues most crucial to our planet. Learn what you can do to help.
- Fun for the whole family awaits you in the “Around the World“ trivia game.

“Superman couldn’t fly you around faster or show you a better time”
...Washington Post

World News Insight

The complete resource to understand issues and trends that shape the world

- Place world events in an historical and geographical context in ways never before possible with World News Insight(tm), the multimedia news encyclopedia and reference tool.
- Interact with an extensive collection of information which combines the editorial expertise of ABC News with video and still images from the ABC news archives.
- Find out about the roots of the Bosnian war, the status of the battle against AIDS, or learn what led to the decline of Communism.
- Gain valuable perspectives on the forces shaping our world today. World News Insight is much more than an almanac of facts, it is an in-depth resource for school and home.
- Whether you're a student, teacher or thoughtful observer of world events, World News Insight (tm) shows you the relevance of key issues, people, and trends and helps you understand what makes them news today.

Creative Wonders

Creative Wonders™ products combine the news and entertainment expertise of Capital Cities/ABC with Electronic Arts' mastery of interactive technology. With familiar characters, trusted information sources and the magic of multimedia, we create engaging experiences that everyone can enjoy. We view each of our products as 'creative wonders' that excite the emotions, stimulate learning, and are always entertaining and easy to use.

To purchase any Creative Wonders title, visit your local software retailer or call 1-800-543-9778.
