How To View the CD Sampler
1. Close all other applications that are running.
2. Set your monitor's resolution to 800 x 600.
3. Insert the CD.
4. CD Sampler will automatically run.
5. When the Welcome screen appears, you will have the opportunity to test your browser for the plugins needed to enjoy the CD Sampler. This testing is highly recommended. If a plugin is missing or outdated, you will have the opportunity to install them using the convenient installation links provided. Click on **System Requirements** to view the **Minimum System Requirements** information. Here, click on **TEST BROWSER** to check for the appropriate browser plugins.
6. Click on **START** to begin viewing the CD Sampler.
7. Click on the topic boxes at the top of the display to view the section of interest to you.
8. Click on any thumbnail image to view the movie, document or presentation of your choice.
9. To end the CD Sampler, click on the **Exit** button on the bottom right hand corner.

Science Education
- **Technology of Space Suits and Space Walks**
          Go for EVA (resource guide) – to view guide run EVA.pdf

Known Problems with the CD Sampler
Interface
          On some computers, the browser may open behind the main CD Sampler interface window. Clicking on the browser window will bring it to the foreground.

Adobe Acrobat Reader
          When a PDF is viewed; a browser window and an Adobe Acrobat Reader window may open. This behavior is dependent on the preferences initially set during installation of this plug-in.
