BACK2BASIC

TRAX BEYOND SUBCONSCIOUS

Welcome to the 2nd Labworks "HiTech"project,
this time we bring to you 3 techno masterpieces,
from labworks first days of life,including
"New Unreleased Tracks"from labworks records today.

I will speak no more,this volume contains some
of the best tracks labworks has released till now,
that's my final word : remember..

NIEMAND WEISS,WAS DIE ZUKUNFT BRINGT..

We hope you will enjoy all of this,we always works hard to bring on your PC the
best quality of electronic music we create.

CREDITS

All tracks edited,programmed and remixed by
Bonaccini Luca and Marco Colombo.
Tracks Concept by F.Schlingloff and Alexander Zweier
Digitally Recorded at Paradox Studios Italy.

GREETINGS

Thanks to claudia,natalie,richard.t,nuts,f.mirau,the megazone team,my
girlfriend,all our friends and fans
all over the planet.

SYSTEM REQUIREMENTS

1)In order to reproduce the tracks and the sounds how we create it,you "MUST" playback them with "ONLY"the program "FastTracker II"(version 2.06 or greater)that because other programs will not reproduce the sound in the right way!(we tested many players but with no good results.)

2)We strongly raccomand to listen the tracks with the home personal computer connected to an HiFi system or with headphones.(we tested the tracks on a real DanceFloor with amazing results!)

3)The Sound Board "MUST"be full Sound Blaster Compatible,and "MUST"reach the sample rate of 44100 Khz(That's very important)

4)For other technical informations,about the program "FastTracker II" we suggest you to read carefully the on/line help of the program.
