**Showbiz Budgeting 6.0**  
**The First Budgeting & Actualization Software**  
**for Film, Television, and Commercials**

Los Angeles, California, July 26, 2003 — Media Services announces the launch of Showbiz Budgeting 6.0 – the first budgeting software for film, television, and commercials that tracks actualization of costs. Available for both Macintosh and Windows operating systems, Showbiz Budgeting 6.0 offers production accountants the ability to create and submit budgets; then, once greenlighted, all associated costs and variances can be tracked including purchase orders and petty cash receipts.

**ALL THE POWER YOU EXPECT:**

Jumpstart your budget with the most comprehensive set of budget forms ever. Templates are included for Feature Film and Television, the AICP form, the AICE form, the CICIP form, Corporate Videos. Also included are multicolumn AICP forms that allow you to budget multiple locations or projects side by side.

**FEATURE SET:**

- Fringes: Just point and click to apply any combination of flat or percentage fringes to any number of lines of detail.
- Globals: Instantly update your budget to changes in prep, shoot, wrap, wages, etc. They are unlimited.
- Phases: The Phases feature allows a budget to be split up into distinct segments for “What if” scenarios.
- Flexible Crew Entry: Showbiz Budgeting can define a crew schedule in days and hours.
- Actuals: Each budget contains estimates as well as actuals – see your estimated figures right alongside the actuals.
- Detail Items: The window can be split to show detail items and the budget simultaneously.
- Purchase Order System: Keep track of your POs during or after production with the Purchase Order System.
- Petty Cash System: The Petty Cash system helps you keep track of PC envelopes and all PC expenses.
- Printing/Reporting: Detail/Summary Budgets, Petty Cash Reports, Petty Cash Envelopes, Purchase Order Logs, and more.
- Importing/Exporting: You can import your Feature Budget from Movie Magic and Cinergy using a Tab delimited format.

**WHY SHOWBIZ BUDGETING?**

- Get both Mac & Windows
- Works for all production types
- Handles budgeting & actualization.
