

EarthLink Mailbox

The **EarthLink Mailbox** is a valuable tool for communicating with friends and associates on-line. Your **Inbox** contains mail others have sent to you while the other folders store mail that you: haven't sent yet (**Outbox**), **Trash**, **Sent**, didn't finish (**Drafts**). Use **Write Mail** to compose your own messages. **EarthLink Mailbox** provides tools for organizing mail and controlling the unsolicited mail that appears in your **Inbox** - click **Help** for details.
