

# *Chaos A.D. v1.0*

Created By: Fallen One

---

Thank you for choosing Chaos A.D. Basically it's a Bot to help keep your channel intact. it's also got alot of menu options (i.e. Right Click on the channel names list) for manual war. It's not 100% efficient just yet, but I am working my ass off to fix the bugs. This is only version 1.0. Keep an eye out for future versions of Chaos A.D. I hope you enjoy this as much as I ebjoyed making it.

Put this in your mIRC directory (i.e. C:\MIRC). Put the Chaos-AD.INI in the same directory. Make a New Icon in your program manager for the mIRC client. Make this the command line:  
(This assuming C:\MIRC is your mIRC Directory. Ths can be changed)

C:\MIRC\MIRC.EXE C:\MIRC\CHAOS-AD.INI

After that's done, just load up mIRC and you're set!
