### **A COMPANY AS ENDURING AS OUR PRODUCT**

Providing cost-effective solutions to architects' most challenging designs for nearly 100 years, Cold Spring Granite Company's world-renowned reputation for selection, quality and service is as solid as our granite. Today, Cold Spring is meeting the comprehensive granite needs of a global marketplace as our technicians and skilled craftsmen use the latest technology to quarry, fabricate and finish virtually anything an architect can design. With our extensive holdings of domestic-quarried granite available in a rich variety of colors, textures and finishes, Cold Spring Granite is well situated to provide timely product availability and accurate color matching now and well into the future. Whether you're developing a contemporary classic or helping to enhance or preserve the architectural integrity of the past, Cold Spring Granite has the resources and staying power you need to consistently meet all your granite design needs.
