PP-PRODUCT PRESENTATION - DONN® CONCEALED DX® suspension grid
* Allows supporting grid to be completely concealed, resulting in a monolithic, uninterrupted ceiling plane.

* Can accommodate a variety of upward or downward access requirements.

* Light fixtures, air diffusers and plenum access points can be arranged with great flexibility.

* High tensile steel connection clips on cross tee ends provide plug-in positive-lock insertion for quick installation.

* Exceptional tension and compression connection values without additional wires, clips, fasteners or pins.

* Cross tees with override ends resist twisting and give a professionally finished appearance.

* Fire-rated assemblies are available.

* Metric sizes: All products are available in metric sizes. To specify, add "ME" before the standard item number.
