

Mirafi® Moisture Protection Products...

The Story Behind an Industry Leader

Mirafi...the company that started an industry. Since 1969, Mirafi has been the front-runner in introducing innovative and cost-effective solutions for architectural and civil engineering challenges. In 1983, Mirafi revolutionized the industry with the introduction of **Miradrain® Drainage Composites**. Several years later Mirafi added **Miradri® Waterproofing Membranes**. Today, Mirafi Moisture Protection Products offer the widest range of waterproofing and drainage solutions, providing architects, owners and contractors with single-source system solutions and a wide array of comprehensive warranties.

Mirafi Moisture Protection Products, a division of the Nicolon/Mirafi Group, provides a full range of sales and technical services from its headquarters in Norcross, Georgia. The Mirafi network is further supported by close to 40 manufacturer's sales representatives directed by regional sales offices in Atlanta, Washington, D.C., New York City, Minneapolis, Los Angeles and Toronto.

The Nicolon/Mirafi Group supplies Mirafi products from its three manufacturing plants in North Georgia, a combined manufacturing complex of close to 750,000 square feet. Mirafi products are distributed through a central distribution center in Jefferson, Georgia, supported by regional warehouses in Illinois, Texas, Nevada, Maryland and New Jersey.

Mirafi Moisture Protection Products offer:

- a wide range of moisture protection solutions
- single-source supply
- technical/engineering support unmatched in the industry
- a large network of local sales representatives
- comprehensive warranties backed by a financially solid company
- first-class customer service

The Nicolon/Mirafi Group is a fully owned division of Royal Ten Cate -- established in 1852 -- with worldwide operations and consolidated sales in excess of \$700 million. The Nicolon/Mirafi Group is dedicated to only the highest levels of product quality and customer satisfaction.
