Chicago Metallic is an industry leader in roll forming suspension systems for acoustical ceilings and Decorative Metal ceiling products for Commercial, Institutional, and Industrial Building Markets. With manufacturing plants in Chicago, Illinois; Baltimore, Maryland; Los Angeles, California; and Antwerp Belgium, Chicago Metallic has the capacity to provide an extensive line of quality products worldwide.

Chicago Metallic is a division of the Chicago Metallic Corporation.

### **PP-PRODUCT PRESENTATION**

Chicago Metallic offers the widest selection of coordinating and accenting wall moldings for use with its suspended ceiling systems. All moldings have a protective coating for additional corrosion resistance and are available in the same colors and finishes as the grid systems.

Chicago Metallic has the capability of manufacturing any molding that your imagination can dream of. Our many years of experience in metal roll forming allows us to manufacture a wide variety of shapes, in exacting tolerances, to meet your ceiling perimeter needs. All our custom moldings are available in varying metal thicknesses, metal type and our complete color line.

Standard Wall Moldings and Accessories include:

Hemmed and Straight Edge Angle.

Channel Molding.

Shadow Molding.

Environmental Molding.

Slip-On Molding.

'F' Molding.

Flexible Wall Molding.

Drywall Track.

Corner Caps.
