

HARTCO® KINGSFORD STRIP®

Sliced Cut for a more Natural Look.

Crafted for old-world beauty, durable no-wax finish for carefree living.

Superior Performance and Appearance

Hartco uses an exclusive “sliced” woodcutting technique to create Kingsford Strip. The sliced cut results in a fine, close together wood graining, for enhanced aesthetic appeal and durability.

This process is further enhanced by our selection of factory-applied stains. The three-ply construction adds dimensional stability to Kingsford Strip that resists seasonal expansion and contraction cracks.

Kingsford Strip is protected from water spotting, spills and wear by the incredibly tough HartGuard® no-wax finish. The rich, glossy sheen provides a surface so durable, it is guaranteed against wear-through for five full years in most residential applications. And its Cross-Grain construction adds exceptional strength and stability. Plus Kingsford Strip is backed by the Hartco Pledge of Quality Warranty, which covers pre-installation, structural defects and wear.

With its random lengths and narrow 2-1/4" configurations, Kingsford Strip is ideal for matching older floors, or for giving that heirloom look to a new addition. Its rich, fine-grained oak and gleaming, high-gloss finish will enhance any interior.

Pledge of Quality Warranty

- Lifetime Structure
- 5-Year Wear
- Pre-Installation

For a copy of the complete warranty, call 1-423-569-8888.

Specifications

Top laminate to be 100% oak. All material to be kiln-dried, product moisture content to average 7.5% (plus or minus 2%). Kingsford Strip thickness to be 0.374" (plus or minus 0.005").

Each unit will be square within 0.010", machine-sanded top and bottom surfaces, and manufactured with a tapered tongue and groove system for easier installation and a smoother surface.

Units to be 2.250" wide (plus or minus 0.010"), with no overwood in excess of 0.012".

Maintenance

To remove adhesive, ground-in dirt and heel marks use Hartco Wipe Clean. For easy-to-remove food spills and light dirt spots use Hartco Easy Clean. For optional cleaning and protection, Hartco Total Care is recommended.
