Hartco wood flooring. Quality you can count on.

At Hartco we start with the natural beauty of wood and carefully craft it into the finest prefinished wood flooring available today. Quality is our chief priority, and we constantly check every step of our manufacturing process to make sure that only the best flooring products get to bear the name "Hartco."

Products we make.

Hartco manufactures a broad range of prefinished wood flooring products to suit virtually all commercial and residential applications:

Pattern-Plus® 5000/ Pattern-Plus® is a unique custom design system of 4-1/2" wide modular plank units of different lengths. It lets you create one-of-a-kind floors in a practically endless variety of patterns for commercial or residential installations.

Kingsford Strip™ is a 2-1/4" wide engineered strip with rich graining that adds an heirloom look to traditional or contemporary residential settings.

Beckley Strip is a solid 2-1/4" wide strip with square edges for nail-down residential applications.

Embassy Plank is a 3" wide x 9/16" thick "sliced-cut" nail-down or glue-down product that can be installed above, on or below grade in a residential setting.

Somerset Plank® and **Burnside Plank®** are stylish 3-inch wide planks, square or beveled edge for residential uses.

The Maple Collection is a group of 2-1/4" or 3" wide maple strips and planks that provide a lighter look for residential interiors.

Parquet comes in a 12" x 12" size and a wide selection of colorations and two finishes for commercial and residential uses. Available with a backing of closed-cell foam to insulate, deaden sound, provide a moisture barrier and comfort underfoot.

Solid wood moldings are available factory finished to blend with the colors of our floors.

Adhesives, staple guns and floor care products provide a complete system for installing and maintaining any Hartco wood floor.
