UA - Uses/Applications

**Weight Room**

**Workshop**

**Office**

**Play Room**

**Basement**

Tuflex Rubber Products has more recently broken into private residences...with all of its rugged features and its variety of contemporary designs, architects have discovered the value of specifying Tuflex for at-home weight rooms and workout areas, offices and children's play rooms. Baltimore Ravens quarterback Vinny Testaverde has worked out on Tuflex flooring throughout his football career. "It really takes a beating but it always bounces back. I wouldn't settle for any other sports flooring in my gym at home," he says, "It's practically maintenance-free." Vinny isn't the only pro to invite Tuflex into his home, Jose Canseco and John Elway have also benefited from the Tuflex Flooring advantage.
