- ICCD 3.3b -

Thank you for testing ICCD. Everything has been done to make this program easy to use... check this out!

1. Presentation

ICCD is a CD Audio player program. It has been specially designed for Windows 95 and Windows NT 4.0. It is beautiful and efficient. It offers all the common features of your HI-FI CD Player. The only difference is that ICCD is simpler: just insert your CD-Audio in your computer and ICCD will run (you must run once ICCD to get this capability).

- Real 32 bits program designed for Windows 95 and Windows NT 4.0
- ICCD Display Themes that let you choose the look and feel of ICCD
- Screen Tracking, QuickPlay, enhanced performances ...
- Volume bar, Tooltips, Traybar support, ...
- Microsoft Audio CD Player database compatible
- 65535 colors and more support
- Repeat, Repeat one, Random
- Up to 255 tracks programming
- CD-Audio AutoRun
- Right button context menu
- Always on top in Windows
- Quick track and time access
- and lots of more features ...

2. Registration

This is not free software. You are hereby licensed to use this software for evaluation purposes without charge for a **period of 30 days**. If you use this software after the 30 day evaluation period a registration fee of **US $10 or 50 FF**. is required. You have two solutions to register ICCD:

France

When payment is received you will be sent a code that will register your version of ICCD. For any questions, contact the author at his e-mail address:

`thiry@inforoute.cgs.fr`

3. Installation

If you read this file, you have already installed ICCD. If you want to use the autorun feature that allows you to run automatically a CD when inserting it in your CD player, you must run ICCD once before.

4. Uninstallation

If you want to uninstall ICCD:

- Delete ICCD directory
- Delete the \Windows\ICCD Directory
- Reinstall the Microsoft CD Player (go in the control panel, choose Add program/software, then Windows Installation, Multimedia, click on Details... then check CD Player).

No help will be provided for uninstalling ICCD!

5. Internet

The Internet provides you support and the latest release:
