4. Credit Card number and expiry details.
5. Your full postal address.
6. Address at which Credit Card is registered (if different from above).
7. Testware Publishing reference:- **"Batch Code 202"**

More about purchasing and registering your Product Key

The steps to purchasing an Ability product are as follows:

1. Contact the Testware Sales Team.
2. You will be asked for the seven items of information detailed above.
3. You will be sent confirmation of the order with your Product Key.
4. Enter the Product Key into the registration screen – for full details on how to do this, see [Registering the Product Key](#) .

Support

If you have any problems with the registration process, contact Ability Software's support staff by email: testware_support@ability.com.

Registering the Product Key

Follow these steps:

1. Start the Ability application you've purchased (or any one of the applications within Ability Office 98 if you've purchased the entire suite).
2. Select the **About** command from the **Help** Menu.
3. Select the **Register** button to open the Register screen.

Note: If your trial period expired before you got chance to enter the [Product Key](#) , the registration screen will be displayed immediately.

4. Enter your name in the **Name** field. Note that this must be exactly as shown in the order confirmation you receive after your purchase – including whatever capitalization was used. You may find you are supplied with a code or serial number in place of your Name. It is important to enter exactly what is detailed in your confirmation.
5. Enter your company name or organization in the **Organization** field. This may be blank if no company or organization was specified at the time of purchase. As with the Name field, make sure you use whatever capitalization was used in the confirmation we send you. You may find you are supplied with a code or serial number in place of your Organization. It is important to enter exactly what is detailed in your confirmation.
6. Enter your Product Key in the **Product Key** field. Use the exact syntax as stated in the order confirmation we send you.
7. When the Product Key is completed and the Ability software verifies that this matches the entries in the Name and Organization fields, the **OK** button is enabled. Click OK to finish registration.

Thank you for choosing Ability Office 98 ...

More about Product Keys

- A Product Key is your own personal, unique code that identifies you as the owner of the software.
- When turning trial versions of Ability into full versions, the Product Key is always supplied with confirmation of order.
- The Product Key will allow you to install Ability on any PC at any time – there will never be a requirement for "new" Product Keys to be issued. Should you change your PC, you can enter your existing Product Key in the Registration screen of the new installation, along with the corresponding Name and Organization entries.
- When contacting Ability Software for any reason, you can use the Product Key to enable easy identification of you as the owner of the software.
