

The Commissioner

VERSION 1.0

September 30, 1992

**A STOCK and OPTION commission calculator for WINDOWS
3.X**

Copyright 1992 by M Design

INTRO

The Commissioner is a program written for the investor who likes to make his/her own investment decisions and as a guide to help investors compare different brokerage firms' commission schedules. Included in version 1.0 are (3) Three discount brokerage firms' schedules for both Stocks and Options. (Full service brokerage firms along with other discount brokerage firms will be added to ***The Commissioner*** if there is interest. Interest is defined as anyone who registers ***The Commissioner*** and includes with their payment a copy of a commission schedule they would like to see added to a future version of ***The Commissioner***.)

PACKING LIST

The Commissioner consists of three (3) files, plus psetup.dll.

comish10.exe - The program file.

commish.wri - This file.

comreg.wri - Registration form.

psetup.dll - Copyright 1991, Costas Kitsos
Used to access the printer setup.

THE PROGRAM

The Commissioner was written to be as *intuitive* as possible but listed below is an explanation of what is expected as input and what is given as output.

INPUT

Company	The name of the company for the stock or option bought or sold.
# Shares	The number of shares of stock bought or sold.
Price	The price per share of stock was bought or sold.
Option	The number of option contracts bought or sold.
Contracts	(Note: 1 option contract is bought or sold for every 100 shares of stock bought or sold.)
Premium	The price paid per option to buy or sell.

STOCK POSITION

Stock Cost The cost to buy or sell said **# shares** at said **price**.
Commission The commission paid to buy or sell said **stock**.
Investment Investment needed to **buy** said **# shares** at said **price**
plus **commission**.
Return Return paid for **selling** said **# shares** at said **price** minus
commission.

OPTION POSITION

Premiums The amount paid or received for buying or selling said
option contracts at said **premium**.
Commission The commission paid to buy or sell said **option**
contracts.
Investment Investment needed to **buy** said **option contracts** for said
premiums plus **commission**.
Return Return paid for **selling** said **option contracts** for said
premiums minus **commission**.

FEATURES

The Commissioner has only a few features. They are listed below.

Fractions A table of fraction to decimal conversions to aide input of data.

Print Ability to get a printout of commission calculations.

Schedules Ability to choose between different brokerage firms commission schedules.

REGISTRATION

To register your copy of **The Commissioner** print out COMREG.WRI and fill it out. Mail the completed form along with \$ 15.00 check or money order (U.S. dollars) plus any commission schedules you would like to see added to future releases to :

SHAREWARE

The Commissioner is distributed under the **shareware** concept. You are permitted to evaluate this product for (1) one month, after that time you must register the software or discontinue using this program. You are encouraged to distribute this software to your friends, to BBS's and to user groups. Companies that provide software duplication services may include **The Commissioner** in their catalog and provide copies for a reasonable duplication fee. You are **not** allowed to modify the software or register users to use the software. **The Commissioner** is written in Visual BASIC, and requires VBRUN100.DLL to run.

HISTORY

Version 1.0 - September 30, 1992 Initial release.

GOALS

The goals of M Design are to provide useful, high quality software at an affordable cost to you. If you find any bugs in our software please let us know so we may correct it. Any and all suggestions are welcome even if you don't register our software. Remember shareware only works if you support it.
