

VideoHound wants to help **YOU** find just the right film!

Click on a button below for instructions on its search procedures.

### Search Options

Title

Year  
Released

Dual  
Searching

**Scroll Bar**

A bar that appears at the right and/or bottom edge of a window or list box whose contents are not completely visible. Each scroll bar contains two scroll arrows and a scroll box, which enable you to scroll through the contents of the window or list box.

**NOTE:** You can also use the navigation keys to scroll up or down a window or list box.

**Navigation Keys**

Keyboard keys which allow you to move up, down, left, or right inside a window or list box. Keys such as the **Arrows** or the **Page Up/Page Down** keys are navigation keys.

**Keyword**

A descriptive word or number within the title of the video. For example, typing in the keyword "Tiger" will display all titles (from the appropriate database) that contain the word "Tiger".

NOTE: The following words and characters cannot be used as keywords:

AM	DO	NOT	THIS
AN	FOR	OF	TO
AND	HAD	ON	WAS
ARE	HAS	OR	WITH
AS	IF	SO	WERE
AT	IN	THAN	
BE	IS	THAT	
BY	NO	THE	

& . " - \ / , = ; < > ( ) [ ] { } : ' ? \_ +

## Closed Captioned Options

- ☒ **Close Captioned** = Search for videos available with close caption encoding.
- ☐ **Not Close Captioned** = Search for videos NOT available with close caption encoding.

### Color Options

- ☒ **Color** = Searches for videos available in color.
- ☐ **Black & White** = Searches for videos available in black & white.

## VideoHound's Rating Options

	<b>= Dog Heaven</b>	- Excellent

- ☒ **Not Rated** - Not rated by the MPAA

## Menu Commands

Use the [scroll bar](#) to view more commands.

### Awards

Check VideoHound's award file to locate over 1,700 films honored by nine international organizations in 80 categories of competition.

### Category(Genre)

Browse nearly 1,000 specialized plot classifications including "Time Travel", "Yuppie Nightmares", "Killer Toys", "Big Budget Stinkers", "Tearjerkers", etc.

### Clear Current Search

Clear a completed search or a search in progress for any given criteria.

### Director

Quickly access the complete works on video of any of VideoHound's 7,000+ directors.

### Exit VideoHound

Ends the VideoHound program.

### List Maker

Easily build custom lists of videos you want to rent, purchase, recommend, or catalog.

### Multimedia Gallery

Browse VideoHound's 15,000+ images (including box art, star and director photos, and famous movie scenes) and hundreds of sound effects from the silver screen.

### Other Search Options

Employ additional search filters such as "MPAA Rating", "Color/B&W", "Closed Captioned", "Format", "Release Year", or VideoHound's Critic's Review".

### Print

Prints the open alternate movie list.

### Reset Printer Settings

Allows you to clear the printer defaults set for VideoHound. Use this function to reset your printer options.

### Select Video Guide

Direct your exploration into any of VideoHound's eight groupings including "Movies", "Television", "Music Videos", "Children's & Animation", "How-To's", etc.

### Star or Cast Member

Search VideoHound's 30,000+ cast database for videos of featured stars, supporting cast, and even cameo performances.

### Title

Look up a video of interest by its specific title or by a [keyword](#) imbedded within the title.

## Searching by Awards

Searches and displays a listing of films that are winners of one or more awards honored by several different organizations (Golden Globe Awards, Emmy Awards, etc.) in 80 categories of competition (Best Actor, Best Picture, etc.).

### Procedure:

- > Select the **Awards** button from the VideoHound main screen.
- > Type the award name or use the scroll bar or navigation keys to highlight an award name.
- > Click on the **Select Award Category** button. (The window now displays categories specific to the chosen award).

**NOTE:** If you want to choose a different award, select the **Return to Awards List** button. The window will display the listing of award names.

- > Highlight the desired award type and then select **Start Search**.

### Helpful Hint:

Select the **Describe Award** button for a description of the highlighted award name.

## Searching by Category (Genre)

Searches and displays a listing of movie titles under standard video categories (comedy, drama, mystery, science fiction etc.), as well as special interest categories (Christmas, cult films, drug abuse, sports, etc.).

### Procedure:

- > Select the **Category (Genre)** button from the VideoHound main screen.
- > Type a few characters of the category name.
- > To finish, use the scroll bar or navigation keys to highlight the desired name, or complete the category name.
- > Select **Start Search**.

## Searching by Closed Captioned

Searches and displays a listing of films with or without closed captioned encoding.

### Procedure:

- > Select the **Other Search Options** button from the VideoHound main screen.
- > Select **Closed Captioned**.
- > Click once on the desired closed captioned option. A black dot will appear in the circle to the left of the option you have chosen.
- > Select **Start Search**.

## Searching by Color

Searches and displays a listing of films that are either in color or in black & white.

### Procedure:

- > Select the **Other Search Options** button from the VideoHound main screen.
- > Select **Color**.
- > Click once on the desired color option. A black dot will appear in the circle to the left of the option you have chosen.
- > Select **Start Search**.

### Removing Options:

- > Select **Both**. This will enable VideoHound to list videos in both color and in black & white.

## Searching by VideoHound's Rating

Searches and displays a listing of films that contain a composite rating (based on the opinions of the film industry's top critics) from poor to excellent.

### Procedure:

- > Select the **Other Search Options** button from the VideoHound main screen.
- > Select **VideoHound's Rating**.
- > In the left window, click once on the desired rating option(s). An "X" will appear in the box to the left of the option(s) you have chosen.
- > Select **Start Search**.

### Removing Options:

- > Select **Clear All** to remove the selected critical review options.

## Searching by Director

Searches and displays a listing of films by one or more directors.

### Procedure:

- > Select the **Director** button from the VideoHound main screen.
- > Type a few characters of the director's LAST name.
- > To finish, use the scroll bar or the navigation keys to highlight the desired name, or complete, the last name, type a comma and a space, and continue with one or more characters of the first name.
- > Select **Start Search**.

## Searching by Format

Searches and displays a listing of movie titles available in a specific major video format (VHS, beta, laser, or 8 mm).

### Procedure:

- > Select the **Other Search Options** button from the VideoHound main screen.
- > Select **Format**.
- > Click once on the desired format option(s). An "X" will appear in the box to the left of the option(s) you have chosen.
- > Select **Start Search**.

### Removing Options:

- > Select **Clear All** to remove all selected format options..

## Searching by MPAA Rating

Searches and displays a listing of films with a particular rating (G, PG, PG-13, R, NC-17), as specified by the Motion Picture Association of America.

### Procedure:

- > Select the **Other Search Options** button from the VideoHound main screen.
- > Select **MPAA Rating**.
- > Click once on the desired rating option(s). An "X" will appear in the box to the left of the option(s) you have chosen.
- > Select **Start Search**.

### Removing Options:

- > Select **Clear All** to remove all selected rating options..

## Searching by Star or Cast Member

Searches and displays a listing films featuring one or more stars, supporting cast members, and even cameo performances.

### Procedure:

- > Select the **Star or Cast Member** button from the VideoHound main screen.
- > Type a few characters of the cast member's LAST name.
- > To finish, use the scroll bar or the navigation keys to highlight the desired name, or complete, the last name, type a comma and a space, and continue with one or more characters of the first name.
- > Select **Start Search**.

## Searching by Title

The Title Listings Screen displays all titles under the selected search conditions and from the appropriate database. If no search has been made, this screen will display ALL videos from the appropriate database.

### Procedure:

- > Select the **Title** button from the VideoHound main screen.
  - > Select **By Title**.
  - > Type a few characters of the video title's name.
  - > To finish, use the scroll bar or the navigation keys to highlight the desired title, or complete the entire title name.
  - > Double-click on the highlighted title, or press ENTER.
- The Title Detail screen displays with various information regarding the selected title.

## Searching by Keyword

Searches and displays a listing of film titles each containing the selected keyword.

### Procedure:

- > Select the **Title** button from the VideoHound main screen.
- > Select **By Keyword**.
- > Type the name of the keyword (for example, CAT).
- > Once the desired keyword is highlighted, press ENTER.

## Dual Searching

VideoHound has the capability to search under several different conditions. For example, you can list all 1965, Musical Comedies that won a Best Picture award and had an excellent Critical Review rating.

### Procedure:

- > Begin a search with the first search option. Select the conditions within this option and begin a search.
- > When the first search has been completed, select a second search option. Select the conditions within this option and begin a search.
- > Continue to select as many search options and conditions as desired. As titles are being listed, VideoHound displays the Current Search criteria.

**NOTE:** If you begin a search, and the number of movies **Found** displays zero, then there were NO titles in the database that met ALL of the specified search conditions. If this occurs, change a search condition(s) to help broaden the range of movies that could possibly meet all of the criteria.

## Searching by Year Released

Searches and displays a listing of films released during a specific year or within a range of years. For example, selecting a range from 1960 to 1990 will list all movies, from the appropriate database, that were released between 1960 and 1990.

### Procedure:

- > Select the **Year Released** Button from the VideoHound main screen.
- > In the **From** window, use the scroll bar to highlight a given minimum release year, or type in your own release year.
- > In the **To** window, highlight a given maximum release year, or type in your own release year.
- > Select **Start Search**.

**NOTE:** To select films within a single release year, enter the same year in both the **From** and **To** windows.

### Removing Options:

- > Select **Remove All** to remove the year released options..

## Select Video Guide

VideoHound title listings are categorized under nine different groupings. Each group allows you to search for videos from a specialized database.

### Procedure:

- > Choose the **Select Video Guide** button from the VideoHound main screen.
- > Click on the desired group preference. A red light displays showing your selection and VideoHound returns to the main screen.
- > You are now able to perform searches and display titles under the specified grouping.

### Group Button Descriptions:

The following button controls are displayed on the Group Preference Screen. Click on an identical button shown below for a description of its function.

**NOTE:** The group preference that is selected remains enabled until it is changed to an alternate grouping.

**Movies Button**

This is the default grouping that is automatically enabled whenever you enter into VideoHound. The Movies Grouping allows you to search for major motion picture videos.

**Kid Vid Button**

This special grouping was created just for KIDS! Its list includes safety, educational, how-to and entertainment videos.

**TV Shows/Cartoons Button**

This grouping consists of cartoons and television shows or series (such as "Star Trek") that have been placed onto video.

**Music Videos Button**

Music Videos, that have been recorded on tape for home viewing, can be found in this grouping.

**How-To Button**

This is a learning group. With this listing, you can find videos from "How-to Buy a Horse" to videos that help you with financial planning.

**Sports Button**

Videos on earlier summer and winter Olympics, all-star games, football highlights and follies, and biographies of famous sports figures are all listed in this grouping.

**Health and Fitness Button**

This grouping will help you find available videos on safety, healthy cooking, exercise programs, and even health and fitness for your pets.

**Fine Arts Button**

This grouping includes videos specializing in classic and modern art, musical performances, plays, narrative abstracts, and more!

**General Button**

Any available video not listed in the other eight groupings is listed under General. This grouping includes such videos as the ABC News series, war documentaries, National Geographic series, and other general documentaries.

## Multimedia Gallery

VideoHound has over 15,000 images for you to display. These include box art, star and director photos, and famous movie scenes. Hundreds of sound effects from the silver screen are also available!

[Videography Screen](#)

## Selecting Cast Images

Use Multimedia Gallery to view photographic images of your favorite star!.

- > Select **Multimedia Gallery** from the VideoHound main screen.
- > Select **Cast Images**.
- > Type a few characters of the star's LAST name.
- > To finish, use the scroll bar or the navigation keys to highlight the desired name, or complete, the last name, type a comma and a space, and continue with one or more characters of the first name.
- > Click the **Select Cast Member** button.
- > VideoHound proceeds to the Videography Screen where the image is displayed.

## Selecting Director Images

Use Multimedia Gallery to view photographic images of your favorite director!.

- > Select **Multimedia Gallery** from the VideoHound main screen.
- > Select **Director Images**.
- > Type a few characters of the director's LAST name.
- > To finish, use the scroll bar or the navigation keys to highlight the desired name, or complete, the last name, type a comma and a space, and continue with one or more characters of the first name.
- > Click the **Select Director** button.
- > VideoHound proceeds to the Videography Screen where the image is displayed.

## Selecting Box Art Images

A box art image is the pictured "coverbox" that the videocassette/disc is packaged in.

- > Select **Multimedia Gallery** from the VideoHound main screen.
- > Select **Box Art Images**.
- > Type a few characters of the video title's name.
- > To finish, use the scroll bar or the navigation keys to highlight the desired title, or complete the entire title name.
- > Click the **Select Title** button.
- > VideoHound proceeds to the Title Detail Screen where the image is displayed.

## Selecting Category Images

Displayed movie categories (such as Science Fiction, Animation, etc.) are characterized by a famous movie scene.

- > Select **Multimedia Gallery** from the VideoHound main screen.
- > Select **Category Images**.
- > Type a few characters of the category name.
- > To finish, use the scroll bar or the navigation keys to highlight the desired name, or complete the category name.
- > Click on **Select Category**.
- > VideoHound proceeds to the Category Image Screen where the image is displayed.

## Selecting Category Sound Effects

Displayed movie categories (such as Science Fiction, Animation, etc.) are characterized by a sound effect from the silver screen.

- > Select **Multimedia Gallery** from the VideoHound main screen.
- > Select **Category Sound Effects**.
- > Type a few characters of the category name.
- > To finish, use the scroll bar or the navigation keys to highlight the desired name, or complete the category name.
- > Click the **Select Sound** button.
- > VideoHound proceeds to the Category Image Screen where the image is displayed and the sound effect is heard.

## Selecting Biographies

Selected biographies of stars and directors can be viewed using this option.

> Select **Multimedia Gallery** from the VideoHound main screen.

> Select **Biographies**.

> Type a few characters of the star or director's LAST name.

> To finish, use the scroll bar or the navigation keys to highlight the desired name, or complete, the last name, type a comma and a space, and continue with one or more characters of the first name.

> Click the **Select Biography** button.

> VideoHound proceeds to the Videography Screen where a brief history of the star/director is displayed.

## Videography Screen

The Videography Screen displays one of two types of listings from the appropriate database:

1. Videos featuring the selected cast member in order of release date.
2. Videos by the selected director in order of release date.

The screen also displays the photograph of the specified cast member or director. If no photo is available for the selected cast member or director, the name is alternatively displayed.

**HELPFUL HINT:** Double-click on a highlighted movie from the videography list to display title detail information on that video.

### Button Descriptions:

The following button controls are displayed at the bottom of the Videography screen.

#### **Add>>**

Adds the highlighted title from the videography list to your OPEN customized list file. This button is only accessible when you have opened a customized list file, and you are viewing the VideoHound database.

NOTE: This button displays as **Remove** when you are viewing your customized list. The Remove button removes the displayed title from your customized list.

#### **Biography**

Displays a brief biography of the selected star or director. This button is inaccessible if no biography is available.

#### **Credits List**

Returns to the appropriate list of stars/directors.

#### **Main Menu**

Returns to the VideoHound main screen.

#### **Next**

Displays a videography list and photograph for the next cast member/director (in the list of cast members/directors) for the selected video.

#### **Print**

Prints the videography list for the selected cast member or director.

#### **Prior**

Displays a videography list and photograph for the previous cast member/director (in the list of cast members/directors) for the selected video.

#### **Videography**

Displays videos featuring the selected cast member/director in order of release date.

**See Also**

Title

### **Add >> Button**

Adds the displayed video title to your OPEN customized list file.

This button is only accessible when you have opened a customized list file, and you are viewing the VideoHound database.

NOTE: This button displays as **Remove** when you are viewing your customized list. The Remove button removes the displayed title from your customized list.

**Help Button**

Displays help instructions for viewing the Title Detail Screen

**Main Menu Button**

Closes the Title Detail screen and returns to the VideoHound main screen.

### **Title List Button**

Returns to the list of video titles the displayed movie was selected from.

**Cancel Button**

Closes the title listings from the current search. If there was no search made, this button is inaccessible.

## Selecting a Title

The Title Listings Screen displays all titles under the selected search conditions and from the appropriate database. If no search has been made, this screen will display ALL videos from the appropriate database.

### Procedure:

- > Select the **Title** button from the VideoHound main screen.
  - > Select **By Title**.
  - > Type a few characters of the video title's name.
  - > To finish, use the scroll bar or the navigation keys to highlight the desired title, or complete the entire title name.
  - > Double-click on the highlighted title, or press ENTER.
- The Title Detail Screen displays with access to various information regarding the selected title.

## Category Image Screen

The Category Image Screen alphabetically displays videos, from the appropriate database, that fall under the chosen category. This screen also displays a famous movie scene characterizing the category.

**NOTE:** If there is no image available for the specified category, the category name is alternatively displayed.

### Button Descriptions:

The following button controls are displayed at the bottom of the Category Image screen.

#### **Add>>**

Adds the highlighted title from the list to your OPEN customized list file. This button is only accessible when you have opened a customized list file, and you are viewing the VideoHound database.

NOTE: This button displays as **Remove** when you are viewing your customized list. The Remove button removes the displayed title from your customized list.

#### **Category List**

Returns to the appropriate list of categories.

#### **Main Menu**

Returns to the VideoHound main screen.

#### **Next**

Displays the next category image, as well as a category title list, from the appropriate database.

#### **Print**

Prints the displayed category title list .

#### **Prior**

Displays the previous category image, as well as a category title list, from the appropriate database.

#### **Sound Effect**

Press this button to receive a sound effect associated with the displayed category image. This button is inaccessible if there is no sound effect available for the category.

## Adding Titles to Lists

Add movie titles from the VideoHound database to create your own customized list of movie titles.

### Procedure:

- > Select the **List Maker** button from the VideoHound main screen.
- > Make sure that the list file you want to add titles to is OPEN.
- > Select **View VideoHound**.
- > Select **Main Menu**.
- > There are several methods for adding titles to your list.

### Methods:

#### 1. From the Title Listing Screen:

- > Select the **Title** button from the VideoHound main screen.
- > Type in the name of the title, or use the scroll bar to highlight the video title.
- > Select **Add to List**. A beep will sound indicating a successful add.

#### 2. From the Title Detail Screen:

- > Select the **Title** button from the VideoHound main screen.
- > Type in the name of the video, or use the scroll bar to highlight the video title.
- > Press ENTER or double-click on the highlighted title.
- > When the Title Detail Screen displays, select **Add >>**. A beep will sound indicating a successful add.

#### 3. From the Videography Screen:

- > Select the **Multimedia Gallery** button from the VideoHound main screen.
- > Select **Star Images**.
- > Type in the name of the star or director you want title listings for.
- > When the Videography Screen displays, highlight a title from the Videography list.
- > Select **Add>>**. A beep will sound indicating a successful add.

#### 4. From the Category List Screen:

- > Select the **Multimedia Gallery** button from the VideoHound main screen.
- > Select **Category Images**.
- > Type in the name of the desired category, or use the scroll bar to highlight the name.
- > Press ENTER or double-click on the highlighted name.
- > When the Category List Screen displays, highlight a title from the list box.
- > Select **Add>>**. A beep will sound indicating a successful add.

## View Alternate

After you have created a file, opened it, and then added titles to the list, you can then view your list by using View Alternate.

### Procedure:

- > Select the **List Maker** button from the VideoHound main screen.
- > Open the file you want to view the contents of.
- > Select **View Alternate**. The name of your file displays in the title bar at the top of the screen.
- > Select **Main Menu**.
- > Select the **Title** button from the VideoHound main menu.
- > The Title Listing screen displays. The left window shows the titles you have added to your list.

**NOTE:** You are able to perform searches using your customized list as long as the View Alternate button remains active.

## Printing a Category List

Prints a list of videos that fall under the selected category.

**Procedure:** (Most direct method)

- > Select the **Multimedia Gallery** button from the VideoHound main screen.
- > Select **Category Images**.
- > Highlight the desired category and press ENTER.
- > When the Category Image Screen displays, select **Print**.

## Printing a Biography

Prints a biography of the selected cast member or director.

**Procedure:** (Most direct method)

- > Select the **Multimedia Gallery** button from the VideoHound main screen.
- > Select **Biographies**.
- > Highlight the desired cast member or director and press ENTER.
- > When the Biography/Videography Screen displays, select **Print**.

## Printing a Videography List

Prints a list of movies featuring the selected cast member, or a list of movies by the selected director.

**Procedure:** (Most direct method)

- > Select the **Multimedia Gallery** button from the VideoHound main screen.
- > Select **Star Images** (or **Director Images**).
- > Highlight the desired cast member or director and press ENTER.
- > When the Videography Screen displays, select **Print**.

## Printing Title Detail Information

Prints the basic video information regarding the selected title.

**Procedure:** (Most direct method)

- > Select the **Title** button from the VideoHound main screen.
- > Select **By Title**.
- > Type the title of the video, or use the scroll bar to highlight the title, and press ENTER.
- > When the Title Detail Screen displays, select **Print**.

## Printing Alternate Movie List

Prints a listing of titles added to an alternate movie list.

### Procedure

- > Select the **List Maker** button from the VideoHound main screen.
- > Make sure that the desired movie listing is OPEN.
- > Select **Print Alternate**.

**NOTE:** You can also print your alternate list from the Title Screen by selecting **Print Search List**.
