

# Interactive Table of Contents

By clicking on the Go To Icon next to each chapter heading, you will be given instant access. Click on the Table of Contents Icon found at the bottom of each page to return to this page and Exit will whisk you to the Finder. Browsing is also possible by using the window arrow keys at the bottom of each page.

**About This Newsletter** — Cover page and information about this document.

**Info.** — Legalese & distribution information concerning The Ambrosia Times.

**Founder's Day** — Ambrosia celebrates its one year incorporation anniversary by giving, yes giving, registrations away. Act fast, offer ends on September 18, 1994.

**President's Letter** — We were able to tear Andrew away from Bolo (playing) & Apeiron (programming) long enough for an informative little article. Stop by and read about Andrew's commercialization philosophy.

**What's New** — Although we all have managed to squeeze in some time off for R&R, there is still a lot to talk about.

**Contest** — Here is your chance to be a winner. Ambrosia, best known for computer games and utilities, is having a contest totally unrelated to computer games and utilities.

**Software Showcase** — Ambrosia is proud to introduce Snapz™, a handy little screen capture program like no other.

**Up Close & Personal** — In this issue, we interview Mark Lewis, the

artist responsible for graphics in Maelstrom, Chiral and Apeiron.

**Free Fall** — It's a bird, It's a plane, It's Andrew Welch. A little fact mixed with a lot of fiction about Andrew's upcoming skydiving expedition.

**e World** — Come and take a peek at Ambrosia's new eWorld forum. This slick new interface will give you easy access to all of our products and technical support.

**Kudos & Criticism** — An open forum for Ambrosia to respond to the many comments we receive on our incoming registration forms.

**How To** — So you just have to have your pedigree pet poodle's picture used with Eclipse? Ambrosia's Technical Support Manager "Cajun" David Richard will walk you through this simple procedure.

**Gumbo** — Cajun has really spooned out a double helping of trouble this time. Maybe it was not such a good idea to let him go to Boston alone after all.

**Hints & Tricks** — This is where Ambrosia's gamers get together to swap strategy and techniques.

**Eek A Bug!** — Ambrosia's Technical Service Manager, "Cajun" David Richard, talks about some common, and some not so common conflicts with Ambrosia's programs.

**Read All About It** — Just a brief look at where you can find third party reviews of Ambrosia Software products.

**Product List** — An up to date comprehensive list and description of Ambrosia Software products. Are you using the latest version? Check here to see if you need a free upgrade. While you are at it, check out all of Ambrosia's other shareware & freeware.
