## **Game New Command**

Selecting this item from the menu will invoke a dialog box asking if you are sure you want to start a new game. If you select Yes, a new game will begin. Selecting No will cancel the request.

The command is invoked by:

- Mouse - Clicking on Game, then clicking on New.
- Keyboard - Pressing Alt+G, then N.
- Shortcut Key - F10.

## **Game Save Game Command**

Selecting this item from the menu will save the game currently in progress. It will prompt you to save the current game if there is a previously saved game. Saving the current game will overwrite the old saved game. The game will continue.

This command is only active during a game. A completed game cannot be saved.

The command is invoked by:

- Mouse - Clicking on Game, then clicking on Save Game.
- Keyboard - Pressing Alt+G, then G.
- Shortcut Key - None.

## **Game Save Match Command**

Selecting this item from the menu will save the results of the just finished game to a match file. It will invoke a dialog box asking you which match file to save the match to, and which coach to save to Team 1. The Save Match Command does not overwrite previously stored data. It sums the results of the just finished game and the match that you selected and stores them. You must input which coach to save to Team 1 because the matches are saved in a specific order. (If you were the Team 1 coach when the match was saved, and you are the Team 2 in the second game, and you used different initials, the computer would not know where to save your game.) Team 1 refers to the first listed team in the Match Selection portion of the dialog box.

This command is only active when a game is complete, and has not been saved to a match.

The command is invoked by:

- Mouse - Clicking on Game, then clicking on Save Match.
- Keyboard - Pressing Alt+G, then M.
- Shortcut Key - None.

## **Game Delete Match Command**

Selecting this item from the menu will invoke a dialog box asking you which match to delete. If the cancel button is chosen, no match will be deleted.

The command is invoked by:

- Mouse - Clicking on Game, then clicking on Delete Match.
- Keyboard - Pressing Alt+G, then D.
- Shortcut Key - None.

## **Game Playing Field Command**

Selecting this item from the menu will display the playing field. It is used after viewing game or match statistics. The game clock will restart following this command, unless the game is complete.

The command is invoked by:

- Mouse - Clicking on Game, then clicking on Playing Field.
- Keyboard - Pressing Alt+G, then P.
- Shortcut Key - None.

## **Game Game Statistics Command**

Selecting this item from the menu will display the current game statistics. The game clock will stop when this is selected. To return to play, Select Game Playing Field.

The command is invoked by:

- Mouse - Clicking on Game, then clicking on Game Statistics.
- Keyboard - Pressing Alt+G, then S.
- Shortcut Key - None.

## **Game Match Statistics Command**

Selecting this item from the menu will invoke a dialog box asking which match to display. The game clock will stop when this is selected. To return to play, Select Game Playing Field.

The command is invoked by:

- Mouse - Clicking on Game, then clicking on Match Statistics.
- Keyboard - Pressing Alt+G, then T.
- Shortcut Key - None.

## **Game Exit Command**

Selecting this item from the menu will invoke a dialog box asking if you are sure you want to quit the game. If you select Yes, WINTREK will terminate. Selecting No will cancel the request.

The command is invoked by:

- Mouse - Clicking on Game, then clicking on Exit.
- Keyboard - Pressing Alt+G, then X.
- Shortcut Key - Shift+F10.

## **Run Line Plunge Command**

Selecting this item from the menu will call the Line Plunge play. It is designed for short yardage (1 to 2 yds).

The command is invoked by:

- Mouse - Clicking on Run, then clicking on Line Plunge.
- Keyboard - Pressing Alt+R, then L.
- Shortcut Key - None.

## **Run Off Tackle Command**

Selecting this item from the menu will call the Off Tackle play. It is designed for short to medium yardage (2 to 4 yds).

The command is invoked by:

- Mouse - Clicking on Run, then clicking on Off Tackle.
- Keyboard - Pressing Alt+R, then O.
- Shortcut Key - None.

## **Run End Run Command**

Selecting this item from the menu will call the End Run play. It is designed for medium yardage (3 to 6 yds).

The command is invoked by:

- Mouse - Clicking on Run, then clicking on End Run.
- Keyboard - Pressing Alt+R, then E.
- Shortcut Key - None.

## **Run Trap Command**

Selecting this item from the menu will call the Trap play. It is designed for short yardage (2 to 4 yds).

The command is invoked by:

- Mouse - Clicking on Run, then clicking on Trap.
- Keyboard - Pressing Alt+R, then T.
- Shortcut Key - None.

## **Run Reverse Command**

Selecting this item from the menu will call the Reverse play. It is designed for medium to long yardage (3 to 6 yds).

The command is invoked by:

- Mouse - Clicking on Run, then clicking on Reverse.
- Keyboard - Pressing Alt+R, then R.
- Shortcut Key - None.

## **Run Draw Command**

Selecting this item from the menu will call the Draw play. It is designed for medium yardage (2 to 5 yds).

The command is invoked by:

- Mouse - Clicking on Run, then clicking on Line Draw.
- Keyboard - Pressing Alt+R, then D.
- Shortcut Key - None.

## **Pass Short Command**

Selecting this item from the menu will call the Short Pass play. It is designed for short yardage (5 - 8 yds).

The command is invoked by:

- Mouse - Clicking on Pass, then clicking on Short.
- Keyboard - Pressing Alt+P, then S.
- Shortcut Key - None.

## **Pass Medium Command**

Selecting this item from the menu will call the Medium Pass play. It is designed for medium yardage (8 - 15 yds).

The command is invoked by:

- Mouse - Clicking on Pass, then clicking on Medium.
- Keyboard - Pressing Alt+P, then M.
- Shortcut Key - None.

## **Pass Long Command**

Selecting this item from the menu will call the Long Pass play. It is designed for long yardage (15 - 25 yds).

The command is invoked by:

- Mouse - Clicking on Pass, then clicking on Long.
- Keyboard - Pressing Alt+P, then L.
- Shortcut Key - None.

## **Pass Screen Command**

Selecting this item from the menu will call the Screen Pass play. It is designed for short yardage (5 - 8 yds).

The command is invoked by:

- Mouse - Clicking on Pass, then clicking on Screen.
- Keyboard - Pressing Alt+P, then C.
- Shortcut Key - None.

## **Pass Sideline Command**

Selecting this item from the menu will call the Sideline Pass play. It is designed for medium yardage (8 - 15 yds). It is a good play to stop the clock.

The command is invoked by:

- Mouse - Clicking on Pass, then clicking on Sideline.
- Keyboard - Pressing Alt+P, then D.
- Shortcut Key - None.

## **Pass Halfback Command**

Selecting this item from the menu will call the Halfback Pass play. It is designed for long yardage (15 - 25 yds).

The command is invoked by:

- Mouse - Clicking on Pass, then clicking on Halfback.
- Keyboard - Pressing Alt+P, then H.
- Shortcut Key - None.

## **Kick Kickoff Command**

## **Shareware Information**

This software has been developed as a shareware product. Please distribute the software (Without Modification) to others who may be interested. If you enjoy the product and feel that it is worthy of purchase, please send your name, address, and payment of \$25.00 to:

**TSoft  
#9 Brittany Ln.  
Odessa, Texas 79761**

Be sure and specify 5 1/4" or 3 1/2" diskettes.

Upon receiving payment for FOOTBALL, TSOFT will mail you a "clean" version of FOOTBALL. The "clean" version will be exactly like the distributed version, with the following exceptions.

1. Unnecessary dialog boxes will be removed to speed up play.
2. A game can be completed.

Purchase of this shareware product will encourage the development of other software products. If you have any comments you would like to make about FOOTBALL, or if you have found any serious bugs, please send them to the above address. Be as specific as possible about the circumstances that led to the failure of the program.

## **Future Development Plans**

Some of the future development plans for later versions of FOOTBALL are listed below:

1. Storage of records (i.e. Longest run from scrimmage, etc.).
2. Improved Graphics.
3. Incorporation of 1991 real life team statistics into the source code.
4. Selection of defenses.

If you have any other ideas for enhancements to FOOTBALL, please send them to:
