VERTIGO 3D DIZZY

Vertigo 3D Dizzy™
Take it for a spin and win!

Vertigo 3D software is used by the best in the biz - Disney, CNN, Electronic Arts, Time Warner, DreamWorks... Now, we're bringing our 3D technology to your favorite app.

Download a free Tryout version of Vertigo 3D Dizzy™, the first in a series of supercool 3D tools from Vertigo and win big.

Vertigo 3D Dizzy lets you easily load 3D models into Adobe® Photoshop™, change their size, orientation and position, and create custom lighting effects. Full mousing control allows you to interactively orbit around 3D space and perfectly position your models.

Reach for the Top and show us what you can do in the third dimension. Use Vertigo 3D Dizzy to include the 3D Spinning Top in the coolest, wildest Photoshop image you can create. Enter your masterpiece in our Reach for the Top contest.
