

Please remember that 'The Indexer' is not a free program. Many hours of time were put into writing and testing this program to make it the best program for your yearbook.

This is a feature-limited demo of 'The Indexer' which cannot save, print, or auto-index more than one document. These features are fully implemented in the registered version of 'The Indexer'.

'The Indexer' is only \$39 which is small considering the time you will save by not having to worry about your index. The fee entitles you to a fully working copy of 'The Indexer' which is capable of saving and printing as well as Auto Indexing an unlimited number of files as well as unlimited technical support from the author and free updates to all future versions of 'The Indexer'.

Fortunately, registering 'The Indexer' is extremely easy and can be done using a credit card, check, cash, or you can even print up an invoice for your purchasing department to approve. Just click on the 'Register...' button below to register today! Your registered application can be sent via e-mail or through the US postal service, it's up to you.
