

DE SOTO AREA SCHOOL DISTRICT

GRADUATION EXERCISES

The Board of the De Soto Area School District believes that completion of the requirement for a diploma from the public schools is an achievement that improves the community as well as the individual. Therefore, the Board wishes to recognize that achievement in publicly held graduation exercises.

No student is to participate in the graduation exercises who has not successfully completed the graduation requirements of the District.

The determination as to who does or does not receive a signed diploma during graduation ceremonies will be made after consultation between the District Administrator, Principal and Guidance Counselor. The final determination will be made the day of graduation.

Students who participate in District graduation exercises shall be expected to comply with established rules applicable to such participation.
