Golf Solitaire for Windows Help

(C) 1993 by James Waddell

Golf Solitaire for Windows is distributed as FREEWARE.
You are under no obligation to pay for it even if you
decide to use it forever. The only condition for use is
that you distribute it with all the files together.

NOTE: You are NOT entitled to alter or modify the program in
any way,   including but not limited to modifying the executable
or help files or to reverse engineer or disassemble the program.
This program MUST be distributed with its associated help and
support and documentaion files. You may not sell the program
without permission from the author.

GOLFSOLF is distributed "as is" and without any expressed and implied
warranties.   Because of the diversity of conditions and hardware under
which this program may be used, no warranty of fitness for a particular
purpose is offered.   The user is advised to test the program thoroughly
before relying on it.   The user assumes the entire risk of using the
program. For questions regarding distribution contact the author below:

Installation

For this program to run properly you must:
1. Make a directory Rlzrun10 under your Windows directory
2. Copy the file RLZRUN10.RTS into that directory.
RLZRUN10.RTS is a runtime system similar to VBRUN100.DLL

If you already have a copy of RLZRUN10.RTS you do not have
to install it again.

Next copy this help file and the Wgolf.exe into any directory.

Now all you need do is use the Windows Program Manager's File menu
and choose NEW from that menu. Fill in the dialog box with the name
you want to call the program and where you located it.

You are now ready to play Golf solitaire for Windows.

Rules
Intro

How To Play

The object of Golf Solitaire is to clear the tableau
(thats the 7 columns of cards) of all cards by adding
them one at a time to the talon.

Cards can only be added to the talon if:

1. They are uncovered.
2. They are in sequence with the top card of the talon.

For example if the top card of the talon was a 2 you
could play a 3 or an ace (aces are equal to one). The
suit does not matter. If you played the 3 then you
could play a 4 or a 2. If you had played the ace only
a 2 could be played.

When a king is the top card on the talon you can NOT play
any card on top of it, you must draw the next card from the
hand. You do this by clicking the deck in the hand box.

You only get to go thru the hand once.

When you are done choose Score from the menu
Score is the number of cards left in the tableau.
Like golf the lower the score the better.
