

LTI

Formed in 1993, Learn Technologies Interactive L.L.C. of New York City designs, develops, and publishes cutting-edge interactive multimedia products. Incorporating ground-breaking technology, stunning graphics and imaginative content into each product, Learn Technologies Interactive sets the standard for a new class of educational games, curriculum products, and reference works.

Recent titles include the highly acclaimed thinking game, Qin: Tomb of the Middle Kingdom, and the award winning titles, BodyVoyage and the National Museum of American Art. The company also has offices and affiliates in Europe and Latin America.
