

Grab Logo Order Form

The price of a custom logo is based on the physical size of that logo. The larger the size the more the logo costs. Logos are priced by the square inch. While we can make nearly any size logo, logos bigger than 3 inches by 4 lines do not print well on envelopes. To create a logo for you we need quality artwork. We need black designs on a white background, in the same size you want the logo to appear in. To price your logo just position it on the size forms below. If you need something special or have questions, just give us a call. (We can reduce or enlarge logos, or clean up art work for an extra cost.) Note the ESF logo is a 3 square inch logo (\$150), and the Grab logo is a 1.3 square inch logo (\$125).
