

Burpee Youth Garden Awards

Thursday February 24, 2011

Awhile back, I wrote about the Burpee, Youth Garden Award competition which awards financial as well as practical assistance to five community and urban school gardens.

Congratulations to the winners!

- **City of Inver Grove Heights Parks & Recreation (Inver Grove Heights, Minn.)**
- **Kid Power, Inc. (Washington, D.C.)**
- **Robles Elementary School (Tampa, Fla.)**
- **Waterford School District (Waterford, Mich.)**
- **West End IB World School (Nashville, Tenn.)**

Also, if you are involved in a school or community garden, Burpee Home Gardens and the National Gardening Association has teamed up to produce the *'I Can Grow' Guide* to help teachers, youth group leaders and volunteers with information on how they can start and maintain edible gardens.
