## top new red, orange, and yellow annuals for 2010

### Lemon Cream Calendula

Calendula is great early-season edible flower. Typically it blooms in shades of bright orange and gold, but Lemon Cream comes to the rescue with its red-blushed yellow and cream flowers. It looks great in the garden, in a bouquet, or with the petals sprinkled in your favorite salad.

**Name:** Lemon Cream *Calendula*

**Growing conditions:** Full sun and moist, well-drained soil

**Size:** To 24 inches tall and 18 inches wide

**Grow it with:** Make a lovely, tasteful combination by mixing this with Swiss chard.
