garden at a glance

We grew this **garden** in a 10-square-foot bed in full sun. Because there's a lot of **clay** in the Better Homes and Gardens Test Garden, we grew the plants in raised beds liberally amended with **compost**. All of the plants were provided by Bonnie Plants.

Say **YES** to a full year of Better Homes and Gardens® magazine for just **\$5.99**, plus a **FREE** Gift!
