STICK IT

For note-takers and list-makers: Stay on top of daily reminders and to-do lists with these lifelike Leaf-It Sticky Notes. They can even be used as a bookmark or a lovely fall decoration. Designs include ginkgo, maple, oak and ivy leaves, as well as cherry blossoms. We love how the notes perfectly capture the fleeting moments of fall's fiery show.

NEW RELEASE PANSIES FOR FALL

The Wave family (famous for bringing us the Wave petunia) has a bright new addition this fall: Cool Wave pansies. These white, purple and yellow pansies have a strong trailing habit well-suited for baskets and containers, as well as groundcover. Winter hardy, Cool Wave pansies provide a pop of colour in the cool-weather garden, then make a pleasant return in early spring. They grow 20 centimetres tall and spread up to 75 centimetres.
