

PRODUCT FOCUS: NEW VARIETIES

◀ ANTIOXIDANT VEGETABLES

BOOST is the first-ever collection of high-antioxidant vegetables selected for higher nutrition versus other garden varieties. It includes three tomatoes, a pepper, cucumber, and salad mix. The program is supported at retail with free POP, extensive consumer promotion, and the one-of-a-kind Burpee Garden Coach. BOOST is a perfect fit with today's gardeners' active lifestyles and their desire for healthy choices.
