I don't think I've *ever* seen a more striking pansy!!

This little beauty was spotted amongst pots of various spring annuals for sale right outside the exit doors of my local grocery store and *certainly* warranted the quick walk back to the car to retrieve my camera! Isn't it amazing how *all* the surrounding blossoms support the color variations in the pansy? *Love* that!

"Psychedelic Pansy" (Matrix 'Sunrise' Pansy, Viola X wittrockiana)
Nikon D300, 150mm, F/8, 1/80s, ISO 640

It was *just* the shot of color I *needed* on this gloomy and rainy saturday! 😊
