### IPHONE APP FOR YOUR GREEN THUMB

Check out a free new iPhone app that national gardening and lifestyle expert P. Allen Smith and Bonnie Plants recently launched. The Grow and Go Together app is a how-to app on growing herbs and vegetables and includes delicious recipes so you can use your bountiful harvest.

Content includes descriptions on 50 herbs and veggies and planting tips from Bonnie Plants and dozens of recipes and container combo ideas from P. Allen Smith and PAllenSmith.com. Gardeners should find this app handy at the garden center or grocery store.

The app features:

- Growing information for 50 vegetables and herbs.

- 50 recipes.

- Option to sort plants by season so you will know what to plant in your spring, summer and fall garden.

- Vegetable garden projects such as compost bins and cold frames.

- Vegetable and herb container-garden combos.
