If you have longed for a petunia from the "hot" side of the color wheel, then keep your eyes open for the new Potunia called Plus Papaya. It is breathtaking, bold and beautiful and will offer that photographic moment for both your landscape and mixed containers.

Potunias were introduced by Dummen from Germany and have been out for a few years. They really fit the name to perfection with a habit that is compact, round and mounding and incredible for containers as well as the landscape.

Potunia Plus Papaya is just one of several new selections. Another one to look for is Surprise Marine.

Surprise Marine is an intense dark blue, which is one of the most sought after colors. Surprise Marine would look heavenly if combined with Plus Papaya.

For an award-winning look, use Jade Princess ornamental millet as your thriller plant. Use at least three. Then let Surprise Marine act as your spiller plant letting it tumble over the edge. Use Potunia Plus Papaya as the colorful filler plant in between the companions or in the pockets.
